## William Seitz, 64, Dies After He's Struck by Auto

William Seitz, 64, of 367 Hasbrouck Avenue, was pronounced dead on arrival at Kingston Hospital Thursday night after he was struck by a car on Hasbrouck Avenue some 250 feet south of Foxhall.

It was the first fatal traffic mishap in the city since April 10, 1961 when Robert Sauer, 27, of 10 Levan Street died after the car in which he rode collided with a parked truck on Washington Avenue near Warren Street.

Two persons were slightly injured, police said, in two other city accidents during Thursday's rain.

## Not Seen by Driver

A report at 7:40 p. m. on the Hasbrouck Avenue mishap said a car owned and operated by John N. McCordie, 36, of 132 Prospect Street, headed north on Hasbrouck Avenue, struck Seitz as he was crossing the street and at its center beyond the intersection, McCordie, police reported, said he did not see "the pedestrian until the time of impact."

Seitz was taken to the hospital in a Doctors ambulance. Coroner Francis J. McCordie, after an autopsy this morning said a ruptured thoracic aorta was the most immediate cause of death. Other injuries included leg fractures, a fractured lumbar spine, contusions and abrasions. The body was turned over to the James M. Murphy Funeral Home, 176 Broadway for funeral arrangements.

## Retired Express Employee

Sgt. Julius Glassman with officers Floyd Krom, William Whalen, Frank Stip, detectives Leonard Ellsworth and William Slover investigated at the scene. Mr. Seitz was a retired employee of the Railway Express Agency Inc.

## Other Mishaps

Mary Ann Robinson, 22, of 40 Howland Avenue, and Edna Geisler, 56, of 58 Upper Ridge Drive, West Hurley, reported neck injuries after two other Thursday accidents. The former was riding in a car driven by William Robinson, 21, of Quarry Street, when it and a car driven by Herman Campbell, 36, of 24 Ponckhockie Street, were involved in a mishap at Main and (Continued on Page 2, Col. 2)

## One of Kiwanis Founders Is Speaker Here on Thursday

Harry A. Young, one of the founders of the Kiwanis movement in the Detroit, Mich., No. 1 Club, and a resident here a half century ago, appeared as guest speaker at the Kingston Kiwanis Club Thursday.

Introduced by Walter O. Lloyd of Poughkeepsie, dean of the Past Governor's Council of the New York District of Kiwanis International, and the man who presented the local Kiwanis Club with its charter 41 years ago, Young, who said that he was 81 years of age, revealed that as the only living founder of the Kiwanis movement, he had no expectations at the time that the movement would some day number 5,000 clubs scattered throughout the United States, Canada and Mexico.

Born in St. Cloud, Nebraska, Harry A. Young resided in Kingston as an apprentice tailor before moving to Detroit.

Dean Lloyd spoke of Young as "the symbol of all Kiwanians who assisted in laying the cornerstone of the new general office building in Chicago. He was the principal speaker at the dedication of this office building, and he presented the 5,000th Club, at Muncie, Ind., with an American Flag at that ceremony." Young served as president of the Detroit club in 1915.

A presentation of the cast of characters and a general summary of the Kiwanis Kapers for 1962, was given to the members of the Kiwanis Club by Donald MacIsaac, director of the 1962 version.

The 1962 Kiwanis Kapers, a three-night performance for the benefit of the scholarship fund of the local club, will be presented at the Kingston High School auditorium on October 23-24-25. Tickets are now on sale by members of the Kiwanis Club.

## Inspector Leaving Electrical Field After 38 Years

Merrill M. Peck, who is retiring on September 30, as local representative of the New York Board of Fire Underwriters after more than 38 years of active service, will be honored at a testimonial dinner at Thursday night, Oct. 4. The dinner will be held in the Crystal Room of the Governor Clinton Hotel.

Attending will be more than 100 of Peck's friends and associates, including representatives of the Building Trades, Electrical Contractors' Association, Plumbers' Association, the Electrical Board of the City of Kingston, the Central Hudson Gas and Electric Corporation, officials of the New York Board of Fire Underwriters and others. Peck, a native of Hornell, was graduated from Wilson High School, Westbrook Business College and Coyne Electrical School. He enrolled in evening school courses in Northwestern University and operated a self-owned electrical contracting business in Hornell from 1919 to 1924.

## Came in 1924

In 1924 Peck came to Kingston as the local representative of the New York Fire Insurance Rating Organization. In 1949, this organization extended its operation and assumed its present name, The New York Board of Fire Underwriters. Peck retired after a life-time dedication to the protection of life and property through the responsible design and inspection of commercial, industrial and residential electrical installations in the Kingston area.

Peck will continue to reside at 112 Main Street with his wife, Anna Mae Houghtaling Peck, whom he married in 1928. Mrs. Peck is a native Kingstonian.

## Memphis Gets Army Group, To Back Ole Miss Marshals

OXFORD, Miss. (AP)—A detachment of Army Engineers reached Memphis, Tenn., today to give administrative and logistic support to a force of federal marshals gathering to enforce court orders for enrollment of a Negro at the University of Mississippi.

Army and Justice Department spokesmen said the 110-man Engineer unit would provide supplies, meals, administrative services and possibly arrange living quarters for the marshals.

An Army spokesman emphasized that the Engineers will have absolutely nothing to do with affairs in Mississippi. They will remain at Memphis, 50 miles north of this college town.

## Guard Gate Gone

On the campus, the citizen army of 500 peace officers guarding the gates Thursday was gone early today.

The Engineers—first federal troops to be ordered to any kind of duty in connection with the defiance of court orders by Mississippi's top officials—arrived at the Memphis Naval Air Station at 3 a. m. after a 200-mile overnight trip from Ft. Campbell, Ky.

Their 49-truck convoy included tractor-trailers carrying heavy equipment, tractor-drawn vans, jeeps and other vehicles.

## Members Are Armed

"They have with them the capacity to set up a tent city to furnish bedding, cooking and that type of service for the marshals," said Lt. Col. T. A. Price, deputy commander of operations at Ft. Campbell.

Price said the members of the 70th Engineer Battalion, were armed because their maneuver was a mobility exercise.

Further moves in the showdown between federal and state authorities over attempts to enroll Negro James H. Meredith at the university were expected momentarily today.

## Fourth Try Off

Thursday the Justice Department called off a fourth attempt to get Meredith admitted. Both sides said the action probably averted violence and bloodshed.

Then the government began enlarging its force of marshals for further action, with Washington announcing that several hundred from around the nation were being sent to Memphis and that the (Continued on Page 12, Col. 3)

## New Equipment Coming Tuesday Expected to Clear Ulster Water

Approximately 200 persons attending a special meeting with the Town of Ulster Board Thursday night at Lake Katrine Hall, were assured by the board of immediate action to eliminate water problems in the town's district.

Supervisor Alexander J. Banyo, Town of Ulster, said the town has a service contract with the firm of Hungerford and Terry Inc., Clayton, N. J., engineers, to inspect the water facilities, and the most recent inspection was made on Sept. 5.

The results of this inspection, the supervisor said, disclosed certain equipment had to be replaced, some repaired and some parts manufactured. Banyo said these preliminaries have been completed and equipment will arrive on Tuesday when installation will be made.

Supervisor Banyo stated today that the engineers for the Town of Ulster are confident installation of this equipment will correct the present difficulty.

Banyo told The Freeman today that consideration now is being given by the town engineers for another source of water supply in the event of emergencies and for a long range planning to provide adequate water for the increasing number of users in the district.

Attorney Hubert A. Richter appeared as spokesman last night for the group which hastily organized after learning that Supervisor Banyo had called a special meeting with residents to discuss the water problem.

Town board members explained existing conditions in the town's water district, and informed the group the engineers for the town will redesign some of the equipment of the water facility to correct existing conditions.

The parent group urged the

formation of an adequate and proper plan to eliminate the present difficulties, and to provide additional help to maintain the water district plant. The group asked the board to have the water tested several times daily, and make the results of these tests available to local news media in order that residents will be kept informed at all times with the progress being made to eliminate the difficulties, which have existed since 1961.

The town board also was asked by the group to provide the public with copies of the results of examinations made by engineers of the water district facilities to inform the residents what is being done to correct the condition.

Additional help to maintain the water plant was urged, since the facility now is manually operated.

Richter stated that he under-

stood that last Thursday pupils in the Lake Katrine School were instructed not to use the water and the laboratory in the school was closed to prevent use of the water with the lab equipment.

Supervisor Banyo stated today that Richter criticized the town board, contending the members had waited to make repairs. Banyo said any time in the past and in the present difficulty, when any trouble was encountered the board called in the board of health and engineers for the town to determine what course should be taken and corrective action was immediately taken.

The supervisor stated that the town board already had the engineering firm in the district before the existing difficulty occurred and immediate corrective action was started.

Residents in the district have (Continued on Page 12, Col. 1)

## Kennedy Works Up Battle Cry for Congress Drive

WHEELING, W. Va. (AP)—President Kennedy has worked up a clear, uncomplicated battle cry for his headlong venture into the 1962 congressional campaigns. He puts it this way: Democrats look ahead and are good for the country. Republicans look back and don't know where they're going.

Kennedy played hard on the theme at a Democratic rally in the rain here Thursday night, just as he had at Harrisburg, Pa., a week ago.

Men close to the President believe that's the main line he will take through an arduous five weeks of stumping across the land for Democratic congressional and gubernatorial candidates.

Kennedy cut short his prepared speech when rain began to soak the 10,000 who trooped to Wheeling Island Stadium for the Democratic doings. He used less than 15 of the 20 minutes set aside for him on a statewide telecast of the rally. He liked West Virginians too much, he said, to keep them out in the wet.

Kennedy recalled why he liked (Continued on Page 12, Col. 6)

## County to Share Costs on Bridge, Not Town Worry

Ulster County will join the City of Kingston in meeting the cost of maintaining traffic over the temporary bridge which spans the Esopus Creek, connecting the City of Kingston with the Town of Ulster. That was the statement made Thursday night by Jesse McHugh (R), chairman of the Ulster County Board of Supervisors.

## Not Town Responsibility

McHugh told the committee members, meeting at Lake Katrine Grange Hall with the Town of Ulster Town Board and the members of the Board of Supervisors's Bridge Committee, that the Town of Ulster did not have the responsibility for maintaining or policing of the town end of the bridge which is a part of a state route.

Prior to the meeting McHugh had conferred with the members of the Bridge Committee and he told the Citizens Committee that they agreed with him (Continued on Page 12, Col. 2)

## New Ottawa Storm Brewing, Opposition Scores Program

OTTAWA (AP)—A new threat to Prime Minister John G. Diefenbaker's minority government developed today after three opposition leaders trained a stream of critical fire on his proposed new legislative program.

The conservative government outlined its plans to inject new life into the economy at the opening session of Canada's 25th Parliament Thursday.

Sharply unfavorable reaction came swiftly from the chiefs of the opposition parties. "A reshuffle. Most disappointing

and inadequate," said Lester B. Pearson, Liberal party leader. "Confusing verbiage that veils the shortcomings and omissions," said Robert Thompson, Social Credit chief.

"If this stands as a definite commitment by this government, we are headed for real trouble," said T. C. Douglas, national leader of the New Democrats.

Diefenbaker's program, set forth in the traditional speech from the throne, emphasized measures aimed at dispelling what Canadian political leaders (Continued on Page 12, Col. 5)

## Decision Is Due to Site Vote Felt Reluctant On Chairmanship

Fabian L. Russell, well-known Saugerties industrialist, and recently named chairman of Ulster County Community College Board of Trustees today submitted his resignation from the board of Supervisors explaining his position and the circumstances leading to his withdrawal.

His letter to be presented to a special meeting of Ulster County Board of Supervisors tonight officially notified the board that the Stone Ridge site for the college was selected by the board of trustees by a 5 to 4 majority vote.

## Says Cost Greater

In his communication to the Board of Supervisors, Chairman Russell states that he "could never have given my vote for unanimous approval of this proposed site, because, in my opinion, the cost to the taxpayers of building the college here (Stone Ridge) will be far greater than it would have been on the Winston-Saugerties site. In my opinion, this is tantamount to any other consideration."

Russell also states that "at no time did we ask for political interference in favor of the site," and at one time Dean Paul B. Orvis of the State University was asked to clarify a statement that the college should be in the "geographic" center of the county.

This statement, Russell says, was detrimental to the Saugerties selection, and Dean Orvis corrected that impression by stating that the college ought to be in the "population" center of the area served.

Russell was appointed to a nine year term on the board of trustees on March 9 by the Board of Supervisors.

## Text of Letter

Chairman Russell's letter to the Board follows: When the final vote was counted, the results stood at five votes for Stone Ridge, four votes for Saugerties. Obviously this has reference to a permanent site for the Community College. Harry Rigby Jr., was asked to prepare a statement for release to the press at radio. My good friend, Harry Rigby, deserves no criticism. His many years of dedicated service to the people of this county distinguishes him as one of our finest citizens.

I suppose, in the desire to create an atmosphere of harmony, he said that after several ballots, the Trustees finally gave unanimous approval of the Stone Ridge site. This does not say that a resolution was offered and unanimously adopted, which many have assumed is what occurred. Under democratic conduct, one must accept the voice of the majority. This is what I did. If I had been asked, I could never have given my vote for unanimous approval of this proposed site, because, in my opinion, the cost to the taxpayers of building the college here will be far greater than it would have been on the Winston-Saugerties site. In my opinion, this is tantamount to any other consideration.

## Voted for Saugerties

Since the four votes for the Saugerties site were declared in advance, I feel the Board of Supervisors should know who they were. Mr. Macdonald DeWitt, Mrs. Elizabeth LeFever, Mr. Harry Rigby Jr., and Fabian L. Russell.

Incidentally, may I say, at no time did we ask for political interference in favor of the Saugerties site. At one point in the deliberation, I felt that somehow extreme pressure was being brought against the Saugerties site and I appealed for clarification. This was received in the form of a letter from Dean Orvis. I quote his words under date of June 27th. "In your letter, you pointed out that I suggested the college should be in the geographic center of the county, and if I made this statement, I did so incorrectly. I have always tried to be careful in stressing 'population center' rather than 'geographic center.' There is a distinct difference. With the sparse population in the western areas of the county, a geographic center location obviously would not be an appropriate one."

# Must Enforce Law For Meredith: Ike

HERSHEY, Pa. (AP)—Former President Dwight D. Eisenhower says federal laws must be enforced to admit Negro James H. Meredith as a student to the University of Mississippi.

**Positive JFK Will Act**  
Referring to Gov. Ross Barnett of Mississippi, Eisenhower told a news conference Thursday:

"Now, here is a governor defying for a while the assistance of the National Guard, armed and paid for by the federal government, and defying the federal courts. This is absolutely unconscionable and indefensible."

Eisenhower, here for a Pennsylvania Republican fund-raising dinner, said he is positive the Kennedy administration "will do something" to require the university to admit Meredith in accordance with federal court orders.

"It will have to be done because, otherwise, the federal government and the federal judiciary will be completely defied," said the former president. "You just can't have that."

When asked about remarks by former Army Gen. Edwin A. Walker—who commanded federal troops called in 1957 in the Little Rock, Ark., integration issue—that Walker had declared himself opposed to troops in Mississippi, Eisenhower said:

"I don't know what Walker said. I don't think I know the gentleman, but I'll tell you this, don't ever believe that this federal government can afford to evade its responsibility of enforcing federal law."

"We did not have trained the additional marshals (in the Little Rock situation)—I say reserve marshals—that could come in and do this without the calling in of troops. And I promptly called them in."

# Morhouse Says Conservatives Used Subterfuge

ALBANY, N.Y. (AP)—The Republican state chairman accused the new Conservative party today of using "subterfuge" and "wholesale misrepresentation" to get voters to sign its nominating petitions.

L. Judson Morhouse said thousands of signatures were obtained Upstate by "a group of fast-talking, fast-talking political salesmen from New York City."

He said the GOP would file with the Secretary of State on Monday specific challenges that "will result in the invalidation of great numbers of signatures."

"Because evidence of misrepresentation...appears so consistent and widespread," he said, "we may carry our challenge as to their validity to the courts."

# General Thinks U.S. Impatient About Viet Nam

SAIGON, South Viet Nam (AP)—The U.S. Marine commandant, Gen. David M. Shoup, declared today Americans "are too impatient to bring a quick end to guerrilla war in South Viet Nam."

He said there is no panacea that will overnight eliminate Communists here.

Before leaving for Bangkok after a four-day visit, Shoup told a news conference that Americans "sometimes want to progress faster than the vehicle they are riding. When progress is not as fast as we expect we get impatient and our attitude here is that we should get this thing over and done with."

# Death Toll Hits 473 in Spain; 300 Are Missing

BARCELONA, Spain (AP)—The United States sped relief to Spain's flood victims today as new rains spread more misery through the ravaged industrial districts around Barcelona.

Touring the region stricken by the flash floods of Tuesday night, Capt. Gen. Agustin Munoz-Grandez, vice president of the Franco government, said the death toll may reach 600 or more.

It was officially announced 473 bodies have been recovered. More than 300 persons were still listed unofficially as missing. The injured totaled 200. About 1,500 also were reported homeless.

U.S. forces at the joint Spanish-American airbase at Zaragoza sent earth-moving equipment to help clear up the rubble. The U.S. Embassy in Madrid sent powdered milk, rice, noodles and other food to Barcelona.

# Reds Would Face Prison, Fine for Accepting Loans

WASHINGTON (AP)—The Senate has voted to repeal the Communist disclaimer affidavit required under the government's college student loan program.

Instead, a member of a subversive organization who accepted such a loan would face up to five years in prison and a maximum fine of \$10,000. A loyalty oath still would be required.

The Senate acted Thursday in passing a House bill that makes the same changes in the law affecting National Science Foundation fellowships. The House now will have to concur before the disclaimer affidavit can be repealed.

When President Kennedy was a senator he twice tried and failed to get the affidavit repealed. About 20 universities have declined to take part in the student loan program because of the disclaimer requirement.

The one, police said, driven by Thomas DuBois, 25, of Arnold Drive, RD 1, Kingston, had stopped for a light, and was struck in the rear by the car operated by Edna Geisler, which in turn was struck by one driven by Francis Turck of Wittenberg Road, Bearsville. Edna Geisler was to be treated by a doctor for the neck injury, the report said.

# Senate Approves Boost for Postal Rates, U.S. Pay

WASHINGTON (AP)—A bill that would increase both postal rates and the pay of federal employees has won Senate approval by an overwhelming 72-3 vote.

If enacted, it would mean a penny hike in postage for regular and air mail letters and a wage boost averaging about 10 per cent for 1.6 million government workers.

**Up to House Now**  
The next step is up to the House. If it takes the Senate measure as is, the bill goes to President Kennedy for signing into law. If the House balks, a joint conference would have to work out a compromise.

The House last January passed a bill designed to bring in \$600 million a year more in postal revenue. But this measure does not provide for an increase for postal and other government workers.

In Thursday's debate Sen. Frank Lausche, D-Ohio, saw the two-step \$1,039,000 pay hike as an effort "to buy votes" in an election year. And Sen. A. Willis Robertson, D-Va., one of the three who voted against the bill, said it was calculated to make everybody happy except the taxpayer.

The pay raise would go into effect before the election, Robertson noted, and the postal rates raise afterward.

Sens. Larry F. Byrd, D-Va., and John J. Williams, R-Del., joined Robertson in voting against the bill. Lausche was one of four senators who, while not voting, went on record against it by arranging "nairs" with other senators who favored the measure.

**Feel Raise Justified**  
Most senators said they felt the 1 million classified civil service employees and the 590,000 postal workers were fully entitled to the raise, which would more than offset the \$600-million-a-year revenue increase in the bill.

If the bill becomes law, it will mark the third consecutive election year in which such a raise has been voted. The 1958 legislation granted a 10 per cent boost, and the 1960 bill 7.5 per cent. The 1960 measure was vetoed by President Dwight D. Eisenhower, but he was overridden.

Sen. Olin D. Johnston, D-S.C., who steered this year's measure through the Senate, said he had White House assurances it will receive Kennedy's approval if it clears the House.

**PM Is Gratified**  
Postmaster General J. Edward Day said he was gratified by the action on the postal legislation.

The one-cent increase in first class rates "will give us the basic rate structure which, for the first time in many years, will be comparable to other major postal systems in the world," Day said.

The Senate bill carries an average 5.5 per cent increase for classified employees next month, plus 4.1 per cent in January 1964. Postal workers would get 8.6 per cent next month, and 2.6 per cent in the second step.

The last postal rate increase was in 1958, when the 3-cent letter stamp in effect for a quarter of a century was raised to 4 cents.

The Senate measure would boost this to 5 cents effective next Jan. 7 and increase airmail from 7 to 8 cents. In addition, second class mail—newspapers and magazines—would be boosted \$2.6 million and third class, \$97.2 million, both over three years.

**Russell ...**  
at first, refused to consider it. A recess was taken, and I was urged from all sides to accept.

Representing the defeated side, the thought of accepting and thereby creating a spirit of harmony, which might reflect to the aura of my community, and help restore possible shattered morale, prompted me to reluctantly accept the chairmanship.

Without prior consultation with me or without any knowledge on my part, you may imagine my distress at the strong statements issued by two prominent citizens of Saugerties during the noon broadcast over WGHQ. I do not deny them the right to make statements or their right of critical interpretation of acts of the Board but my hopes of being a catalyst for the possible good of the community were dashed.

# Late Bulletin Denies School Truce

WASHINGTON (AP)—The Justice Department, denying reports of a weekend truce between Atty. Gen. Robert F. Kennedy and Mississippi Gov. Ross R. Barnett, declared today it will "proceed" with its plans in the University of Mississippi desegregation crisis.

Edwin Guhman, Justice Department information officer, stated the department's position after learning of reports from Mississippi that a truce had resulted from telephone conversations between Kennedy and Barnett.

# Governor Favors Orange County as Jet Port Locale

ALBANY, N.Y. (AP)—Gov. Rockefeller says he favors Orange County as the locale for the New York Port Authority's proposed new metropolitan-area jetport.

Rockefeller said Thursday in a letter to Authority Chairman S. Sloan Colt that he "strongly" supported requests by Orange County interests for the flight center.

He urged Colt to give the requests "your serious consideration and, I hope, your approval."

The governor pledged "all possible assistance" to the Authority if it elects the Pine Island site in Orange County.

The Orange County site, Rockefeller said, is closer to midtown Manhattan than proposed sites in New Jersey and is far enough away from dense population to minimize problems of noise and jet engine vibration.

# Tear Gas Turns Back Ill. Crowd

CAIRO, Ill. (AP)—Police used tear gas to disperse a crowd of integrationist demonstrators who gathered in front of police headquarters Thursday night.

Illinois State Police, called to the scene, said the 250 to 300 persons were protesting the arrest of 28 marchers in downtown Cairo earlier in the evening. At least 15 more were arrested during the second protest.

Police arrested 27 Negroes and one white person earlier for violating a city ordinance prohibiting parading without a permit.

The marchers, out for the third straight night, carried placards which demanded a human relations council and protested alleged police brutality.

# To Talk County Building

A special meeting of the Ulster County Board of Supervisors has been called by Chairman Jesse McHugh at 2 p. m. today for the purpose of discussing the proposition of a new county office building. At the last session it was suggested the board meet and discuss the matter in an attempt to get the views of both the majority and minority parties and come to an agreement, if possible, as to needs, location and a general discussion of the matter. The meeting today is for the sole purpose of discussing the proposition.

# Central Hudson Dividend

The board of directors of the Central Hudson Gas and Electric Corporation, at its monthly meeting held at its South Road office, Poughkeepsie, today declared a dividend of 27 cents per share on its common stock, payable November 1 to holders of record October 10. The dividend declared today is one cent higher than the last quarterly dividend declared on the company's common stock.

# Junk Yard Days, Hours Set

Buck's Junk Yard, 77 East Strand will be open Monday through Friday from 7 a. m. to 4:30 p. m. and on Saturday from 7 to 12 noon. Buck's advertisement in Thursday's Freeman, the copy inadvertently indicated the yard would be open on certain days.

# \$6-Million Plan On Tax Relief Is Rocky's Goal

JOHNSTOWN, N.Y. (AP)—Gov. Rockefeller, campaigning in this economically hard-hit area, announced today a \$6 million plan of business-tax relief to spur industrial expansion and research.

He said that, through the plan, "the state will be encouraging investment in our future and the employment future of our children."

The governor said he would ask the 1963 Legislature to:

1. Double the rate at which businessmen may write off on their taxes the cost of new plants and equipment, thus allowing them to recover their investments more rapidly and move on to new expansions.

2. Allow businessmen who invest in industrial research or development facilities to deduct the full cost from their taxes in the first year rather than spread payments over a period of years.

The governor detailed the plan in a speech prepared for the meeting of the Fulton County Republican Committee.

He said business taxpayers would save \$6 million in the first year in which the plan was operative, but as a result of business expansion made possible through the tax savings "they still will recoup this revenue and more in future tax years."

# Student Charged With Bomb Scare In Dutchess Co.

A 16-year-old former student at Roosevelt Central High School, Hyde Park, was arrested Thursday by Dutchess County deputy sheriffs in connection with a bomb scare that caused evacuation of the school on Tuesday.

Sheriff Lawrence M. Quinlan told The Freeman that Carl Otto Ladensack Jr., of 124 Hudson Avenue, Town of Poughkeepsie, was taken into custody on a charge of violating Section 727 of the Penal law, accusing him of giving false information to authorities.

Ladensack pleaded guilty last night before Justice of the Peace John C. Diehl, Town of Hyde Park, and was fined \$10 and sentenced to five days in the Dutchess County Jail.

Quinlan said Ladensack also admitted to authorities he made a false telephone call to Poughkeepsie High School on Sept. 21, which resulted in a police investigation of a bomb scare.

In each case the caller said, "There is a bomb in the school," Quinlan said.

# Celerina Reaches Antwerp, Plane Survivors Joyous

ANTWERP, Belgium (AP)—Survivors of the Flying Tiger airliner that ditched in the Atlantic waved and shouted with joy at the sight of land as the rescue ship Celerina reached Antwerp today.

U.S. Air Force Maj. Harry O. Benson of Marshall Hill, Mass., cried out: "Everybody of our group is in good physical condition!"

The Swiss freighter carried 27 of the survivors it plucked from stormy seas 500 miles off Ireland on Sunday after the chartered airliner with 76 persons aboard—mostly American servicemen and their families—made a crashed landing on a flight to West Germany.

Of 48 survivors, 21 have since been transferred to hospitals in Ireland and England. Twelve bodies were recovered. Sixteen other passengers are missing and presumed dead.

# Teamsters Strike

NEW YORK (AP)—The trucking industry in a wide New York-New Jersey area was hit with a one-two punch today:

1. The largest of three Teamster Union locals handling deliveries in New York City went on strike. The two other locals struck last Monday against a number of companies.

2. Contract negotiations covering 57,000 long-haul drivers in New York and New Jersey broke down today. Teamsters Union President James R. Hoffa said "selective" strikes will begin Monday against six long-haul companies in the New York-New Jersey area.

# Probes Burglaries

Burglaries at the F. W. Woolworth Co. store and a fruit market in Poughkeepsie, today were under investigation by police in that city. Police Chief John L. Martin said thieves last weekend broke into Woolworth's store through a rear door and escaped with merchandise valued at more than \$1,500. The chief said Abdo's Market, 472 Main Street, Poughkeepsie, also was entered through the rear of the building and the intruders took \$177.40 in cash.

# Deaths

LEXINGTON, Ky. (AP)—Dr. William F. Walz, 90, who was president in 1919 of the National Board of Dental Examiners, died Thursday.

WASHINGTON (AP)—Lt. Gen. Izidor R. Modelski, 74, Polish military attaché who aided U.S. intelligence officers on espionage activities on the Soviet Union and its satellites, died Tuesday.

LONDON (AP)—Alexander Zass, 75, once a cavalry officer in the Tsar's Russian imperial forces and for many years billed in circles as "Samson," the strongest man in the world, died Wednesday.

# Armed Rebellion Looms in Miss., Publisher Warns

LOUISVILLE, Ky. (AP)—A noted Georgia publisher says the situation at Oxford, Miss., is such that federal marshals might be fired on and "you will have an armed rebellion against the United States government."

Ralph McGill, publisher of the Atlanta Constitution, said in an interview:

"Certainly, the United States government will have to move with troops or whatever it takes" to see that a federal court order to admit Negro James Meredith to the University of Mississippi is carried out.

McGill was here for a speech to the Louisville Committee on Foreign Relations Thursday.

# Red Paper Makes Hay on Ole Miss

MOSCOW (AP)—The Communist youth paper Komsomolskaya Pravda said today American news reports from Mississippi "resemble bulletins from a theater of war operations."

After explaining the situation, the paper said:

"All this is being done merely to prevent 29-year-old James H. Meredith from becoming the first Negro student at the University of Mississippi, so as not to stain the purity of the educational establishments of the state."

"Although the Supreme Court of the United States gave special instructions for the acceptance of Meredith at the university, the racists do not want this."

## Jaynees Plan Christmas Toy Project Again

The Saugerties Jaynees have announced plans for the continuation of its annual Christmas toy collection project following the Tuesday night meeting at the Saugerties Savings Bank meeting room.

The project, one of many carried on as a community service by the auxiliary of the Saugerties Junior Chamber of Commerce, benefits children who otherwise would be forgotten at Christmas time.

Mrs. George Turner, president, asks that the public assist in this project by donating repairable toys, dolls, books and games for children of all ages. Mrs. Carl Poleschner, Abbott Court, chairman, may be contacted to arrange pick up of articles. These articles will then be repaired by members and distributed through the Saugerties welfare office to needy children.

The Jaynees are sponsoring a bus trip to New York City Nov. 10 with a theater party as an optional feature. The bus will leave the Saugerties terminal 8 a. m. and the return trip will leave New York 8 p. m. Mrs. Carl Peter, 1 Louis Avenue, may be contacted for further information and reservations.

The Saugerties Jaynees and Jaynees will attend the Mid-Hudson Regional meeting and

buffet to be held at the Governor Clinton Hotel Sunday, beginning at 2 p. m.

Mrs. Donald Neff of Edith Avenue was welcomed as a new member and presented with a membership pin at Tuesday's meeting.

Following the business meeting Mr. and Mrs. James Naccarato gave the members Twist lessons.

The Jaynees meet every fourth Tuesday of the month.

## Brownies of Troop 5 Begin Fall Schedule

The first meeting of the fall for Brownie Troop 5 was held Tuesday at the home of the troop leader, Mrs. James Shier, Barclay Lane. Sixteen members from last year were present including Susan Carr, Frances Dillon, Karen Greenfield, Macie Greer, Marilyn Hein, Andres Lavezzo, Linda Lemon, Robin Milikofsky, Kathleen Olson, Elizabeth Rafferty, Janice Sparks, Judith Stauning, Robin Shier, Karen Watson, Mary Watson and Ruth Wyman. Two were absent, Carolyn Tynan and Jeanne Riozzi.

Four new members, Brenda Brink, Laura Buck, Paula Surrette and Monica Young were welcomed, bringing the total membership to 22. Due to the large number, no new members will be accepted at the present time.

Mrs. Paul Rafferty is assistant leader of the troop; Mrs. Stanley Wyman will be the arts and

crafts teacher; Mrs. Robert Buck will teach the girls folk songs and dancing; Mrs. Theodore Hein, Mrs. Russell Lavezzo and Mrs. Allen Sparks are members of the troop committee.

## Stars to Mark 50th Anniversary At Fete Oct. 23

Emmanuel Chapter, 517, Order of the Eastern Star, made further plans for its 50th anniversary celebration when it met Tuesday evening in the Masonic Rooms, Main Street.

Worthy Patron Willett Overbaugh will be the master of ceremonies for the fete which will start with a supper at the Dutch Reformed Church October 23, 6:30 p. m., to be followed by a sesqui-centennial program.

Acting Worthy Patron Robert Schuchardt opened the meeting with Worthy Matron Dora Apulstull presiding. Charter member Sister Emma Wilber was present and received a gift from the Worthy Matron. Past Matrons and Patrons were also guests and following the introductions each received a special present.

A special homecoming for Right Worthy Sister Vera Snyder of Clinton Chapter in Kingston will be held on Friday night and members of Emmanuel Chapter were requested to attend.

Refreshments were served following the business meeting. Tables were decorated in fall colors.

## Glancing Over TV Bill of Fare

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—It sure was a busy night in television's observational wards.

"Dr. Kildare," starting his new season on NBC, was having his troubles with a patient soon to experience motherhood. Two nurses,

a couple of channels away on CBS were handling everything from births and deaths to emotional problems with only occasional assistance from the doctors.

I stayed with "The Nurses," a new series quite obviously inspired by the successful doctor stories. The opening show concentrated on hectic events during one busy night in the maternity ward manned primarily by wise, kindly head nurse Thorpe, and idealistic, dedicated student nurse Lucas (Shirley Conway and Zina Bethune).

It will be an interesting series—if you aren't getting a little weary of stethoscopes, operating room scenes, intimate clinical descriptions, medical jargon and all that jazz.

And speaking of jazz, Andy Williams also turned up Thursday night with a smooth, sleek and delightfully melodic variety hour on NBC. Andy sings well, has an easy, low pressure style and had lots of help from Peggy Lee and George Gobel. This looks like a winner.

Recommended weekend viewing: Tonight — "I'm Dickens...He's Fenster," premiere, ABC, 9-9:30 (Eastern Daylight Time) — new broad comedy series about a pair of carpenters; returning with new shows, "Coke-Up," ABC, 7-7:30, 8-8:30 and "Sing Along with Mitch," NBC, 8-8:30-9:30.

Saturday—"The Jackie Gleason Show," premiere, CBS, 7:30-8:30 p.m.—variety hour with Jackie returning with many of his old characters and some new additions; "Roy Rogers-Dale Evans Show," premiere, ABC, 7:30-8:30—variety hour, taped at the Seattle World's Fair; "Mr. Smith Goes to Washington," premiere, ABC, 8:30-9—Fess Parker stars as a freshman senator in a comedy series.

Sunday—Jack Webb Show, premiere, CBS, 9:30-10 p.m.—new anthology series based on true adventure tales; "Voice of Firestone," premiere, ABC, 10-10:30—musical hour with Cosette Siepi, Rise Stevens and Mischa Elman; returning with new shows, "Lassie," "Dennis the Menace," "Real McCoys," "Candid Camera," all on CBS.

## Adventists Set Sabbath Services

Sabbath school of the Kingston Seventh-day Adventist Church will start 10 a. m. Saturday with a song service under the direction of Mrs. George Landstrom. Following the opening exercises, led by superintendent, Mrs. Grace Koeppen, classes will separate to study and discuss the lesson for the week entitled, Women of the Early Church. The children will meet in the Sabbath school room with Mrs. Bessie Seaman and her assistants.

Following the lesson study, the children will present a program to the adults, reciting memory verses, singing songs, and reviewing the lessons learned this past quarter.

Divine worship will start 11:30 a. m. with the pastor, the Rev. Eric R. Norman, speaking.

Saturday 2:30 p. m. there will be a baptism at the First Baptist Church, Union Street, Hudson.

Sunday 3 p. m. there will be a service of Thanksgiving for the Scriptures in the Revised Version. Leading Protestant ministers will speak and Virgil Fox will give an organ recital. At the Riverside Church, 490 City Wednesday the Dorcas Society will meet at the church, 30 Pearl Street, from 10 a. m. to 4 p. m. Anyone in need of clothing or other help may go to the church at that time.

Wednesday 7 p. m. prayer meeting is held at the church. Next Sabbath afternoon neighborhood evangelism will begin.

Next Saturday evening at 7 p. m. there will be a church board meeting. Sunday, Oct. 7, Dorcas Federation meeting at the Livingston Church beginning at 10 a. m.

## Today's Business Mirror

By SAM DAWSON

NEW YORK (AP)—The rising price of silver and the premium price commanded by gold tends today to accent the uneasy truce in the world's money markets.

The central banks have worked out a scheme to guard against raids on various currencies, including the U.S. dollar, by speculators or by investors who develop twinges of doubt of currency values. The price changes in the precious metals emphasize the need for and the problems besetting such an arrangement.

The pressure on silver prices is caused by rising industrial use, especially accentuated in the electronics and space age, rather than by currency demand. But silver nevertheless is part of the world's monetary system—either in pocket coins or in reserves backing paper money in large sections of the world. Silver backs some of the small bills in your billfold.

Gold reserves are guarded by central banks in most important financial nations. And no scheme to do away with this has caught on as yet.

Such reserves are back of much of the U.S. paper money. And the rise in the price of gold in the free market—\$35.115 an ounce in London Thursday, compared to the official \$35 U.S. Treasury price—in a way is a measure of many investors' evaluation, right or wrong, of the American financial situation at the moment.

That the price is lower than a short time back is all to the good for our side.

The rapid and continuing rise of the price of silver—Thursday it was \$1.21 an ounce in London—from the 91¢ cents an ounce at the end of November 1961 also

doesn't yet tempt any hoarding of silver coins. The Treasury says the price would have to reach \$1.29 an ounce before the silver content of the dollar would be worth extracting for itself alone.

But the steady climb in silver's price affects many big users in electronics and photography. And in time it could send the cost of consumer items such as jewelry, flatware and films higher.

Some makers of silver alloys used by manufacturers have raised prices in line with the jump in metal quotations. In general, makers of consumer items are still holding the price line, waiting to see if the metal can

stick at the higher level. It might not, if speculators decided to cash in their holdings.

For the money managers the problems raised by rising prices of silver or gold, especially the latter, center on the temptation to foreign speculators or investors to turn in their dollar holdings for metal.

And as dollars pile up in foreign central banks there is always the urge to build up their own gold reserves by exchanging their dollars for metal. In spite of the continuing piling up of excess dollars abroad this year, Washington has been able to ward off any raids that would weaken the dollar in international exchange.

## Will Keep Violence Preachers Out Of State Schools

BUFFALO, N.Y. (AP)—Senate Majority Leader Walter J. Mahoney says he will fight to keep persons who preach "propaganda which advocates violence" from speaking to students at state-supported schools.

Mahoney, who objected strongly to ultra-rightist Sir Oswald Mosely's appearance Wednesday at the University of Buffalo, told a Rotary Club luncheon Thursday that he believes "in the right of protecting academic freedom. But I believe there is a difference between freedom and license."

If educators want "millions and billions from taxpayers, we shall protest students being subject to evil," the Buffalo Republican said.

Mahoney, who earlier this year protested nuclear test-ban advocate Linus Pauling's appearance at a unit of the state university at Syracuse University, said he would ask board chairman Frank A. Moore of the State University for a definition of what is freedom and what is license.

### THE ECONOMIC WOMAN

It is well known that women spend approximately 75 per cent of our money and thus are as important to economic life as they are to the home. Most of this spending is done by married women in providing—in the sense of buying—for their families. The shopping chore is readily turned over to them by their husbands.

But in many cases it is not merely the money earned by husbands that wives spend. They also spend money they make themselves.

A reference book issued by the Department of Commerce shows that 60 per cent of all women in the nation's work force are married. Circumstances force some to work, of course, but others do so to increase the family income and standard of living. It also is true that many would rather work outside the home than in it.

The trend may be deplored as a cause of unemployment, since married women obviously hold some jobs that might otherwise be held by men. But this does not apply in all cases; many women are particularly well suited to their employment, and are performing tasks that men could not do as well.

There also is the fact that the additional spending by two-income families increases demand and either creates more jobs or prevents layoffs. The time is long gone when women other than teachers, nurses, clerks, stenographers and the like were considered interlopers in the ranks of labor. Women are a vital economic force. Any attempt to relegate them to the kitchen is outdated and doomed to failure.

### EXIT FOLDING MONEY?

We have read a good deal about the promised wonders of automation. But we still are not sure whether we should mourn the fact that computers and automatic control devices have thrown thousands of men out of work or rejoice over the thousands of new jobs that will be created.

One prediction gives us pause. John Die-employer's computer automatically credits his salary. All purchases at stores, markets, restaurants and garages will be automatically debited. In other words, no folding money. Maybe even no credit cards. It's going to be rough—until we conquer the feeling that we're broke.

bold, one of automation's foremost authorities and a member of the secretary of labor's advisory committee on automation and manpower, says that in the next century currency probably will be used only for incidentals.

Instead of getting a pay check, the worker will have a central account to which his

### BRIDGES NOT WALLS

Every day we read of the importance of commerce and industry in our lives. Our system of free enterprise produces more than enough to take care of our needs in all respects and to help supply deficiencies in other countries. By way of contrast, the "planning" in the Communist sphere is not good enough to even furnish its people with sufficient food.

The blessings of a government of, by and for the people are many. Not the least is freedom of worship, guaranteed in our Constitution.

The 22nd annual observance of National Bible Week takes place October 15 to 21, sponsored by the Laymen's National Committee, Inc., an all-faith organization. This year's theme for the week is as timely as it is significant "The Bible Builds Bridges—Not Walls." The eternal goal of the people of this nation must be to keep building the bridges and to see that the walls that destroy freedoms—religious, economic, political—can never be erected.

### AIR CONDITIONING

It should not be too late to note the anniversary of an event that contributed immeasurably to the enjoyment of the past season for millions of people.

It was 60 years ago on July 17, 1902 that Willis Carrier installed the first modern air conditioner, one that controlled both temperature and humidity.

## 'These Days'

By GEORGE SOKOLSKY

THE SUPREME COURT OF THE UNITED STATES

M. P. Daly of Los Angeles writes me:

"As a conservative, I am not desirous of 'destroying' the Supreme Court—on the contrary, I would like to see its dignity restored by simply removing from it (by impeachment, the only legal way to do it) those who are not qualified to be on it!"

What are the qualifications of a Supreme Court Justice? The Constitution states it this way:

"The judges, both of the supreme and inferior courts, shall hold their offices during good behavior; and shall, at stated times, receive for their services a compensation, which shall not be diminished during their continuance in office."

That is the whole of it. A Justice of the United States Supreme Court need not be a lawyer. He need not come from any particular part of the country. He need not be born in the United States. He need not be of a particular age.

Some members of the John Birch Society wish to have Chief Justice Warren impeached as unqualified. Such impeachment would have to be based on some Constitutional disqualification, but the Constitution only says that they shall hold office "during good behavior." What is good behavior?

In drawing up the Bill of impeachment, Congress would have to say what good behavior is. I should imagine that selling military secrets to another nation would be regarded as bad behavior. If a justice were drunk during prohibition that could be bad behavior. But would Congress regard it as bad behavior if a justice got involved in a nasty divorce case?

Is the giving of an unpopular opinion cause for impeachment? What about the Dred Scott Decision or the Sikkim Case? Were they popular? When Chief Justice Taney handed down the Dred Scott Decision, he laid the basis for the Civil War. It was an unpopular decision in the North; popular in the South. The Sikkim Case destroyed the NRA; it was popular with some; unpopular with others.

No justice of the Supreme Court has ever been impeached, although many have been unpopular. Robert H. Harrison is the only one I can find who, having been appointed, refused to serve. Two or three resigned to take other positions.

The Chief Justices have usually been distinguished men. The first, John Jay, was regarded as the leading jurist of the day and one of the founders of this nation. The fourth was the great John Marshall whose decisions really established this as a nation. Coming closer to our time, William Howard Taft served as Chief Justice after being Secretary of War and President of the United States. He was a man of tremendous intellectual stature. His successor, Charles Evans Hughes, saved the Court as well as our economic system from the ravages of Franklin D. Roosevelt. He had been Governor of the State of New York. Harlan F. Stone had been Attorney General, a professor of law and an outstanding authority on the Constitution.

Earl Warren was appointed Chief Justice by President Eisenhower. He had been Attorney General and Governor of California. He joined the so-called Liberal Group in the Supreme Court in opposition to the Conservative Group led by Justice Felix Frankfurter.

In this connotation, the terms, Liberal and Conservative, are ridiculous. Throughout American history, the conflict has been between strict interpretation and broad interpretation of the Constitution.

Those justices who believed in strict interpretation have tended to prefer a legalistic rather than a social interpretation of the Constitution. They preferred the letter rather than the spirit of the Constitution. They held that the Constitution meant exactly what it said and that if anyone disliked what the Constitution said, he could labor to have it amended.

Those justices who have favored a broad interpretation have held that the Constitution is a flexible document for all times and all circumstances. John Marshall, the greatest justice who ever sat on the bench, was a broad interpreter of the Constitution. Felix Frankfurter, a Jeffersonian Democrat, preferred a strict interpretation. Some of the Birchist critics of the Supreme Court have made the point that if the Judges do not understand the law—and have 5-4 decisions—how can the people have confidence in the Court? Recognizing that Congress exists to pass current legislation, the Supreme Court exists to relate such legislation to the Constitution. This is subject to difference of view.

Get Your Doctor's OK for

Severe Fast Routine

By HAROLD T. HYMAN, M.D.

Written for  
Newspaper Enterprise Assn.

Severe fasting may sound like a quick way toward weight control, but watch out!

Recent studies of persons who have resorted to fasting to knock off the pounds reveal:

An average weight loss of 2.6 pounds per day.

A reported sense of well-being during fast periods of two to 10 days.

After the first day of a fast, an absence of excessive hunger.

A feeling of elation on the part of many fasters who were overjoyed at the reassurance that they had within their grasp a means of combating what had formerly appeared to be a hopeless situation.

There are precautions that must be taken in the conduct of the fast.

Fasting is not to be employed without the permission of your doctor and under his supervision. He may not, for example, recommend or permit a period of fasting if you are pregnant or suffering from an infection, stomach ulcer, a liver disturbance or moderate to severe diabetes. And he may have to end the fast if your urine shows evidence of a moderate acid condition.

While on the fast, you must drink fairly large quantities of nonnutritious fluids, such as water, weak tea or coffee, broth and unsweetened beverages. If you have a great need for getting some bulk into your intestinal tract, you may eat three-cooked vegetables.

With your doctor's permission you may fast for five to 14 days to get your treatment under way. Thereafter, you may fast for one to two days at appropriate intervals in order to achieve a further loss, hold your weight at an even level or correct a tendency to regain lost weight.

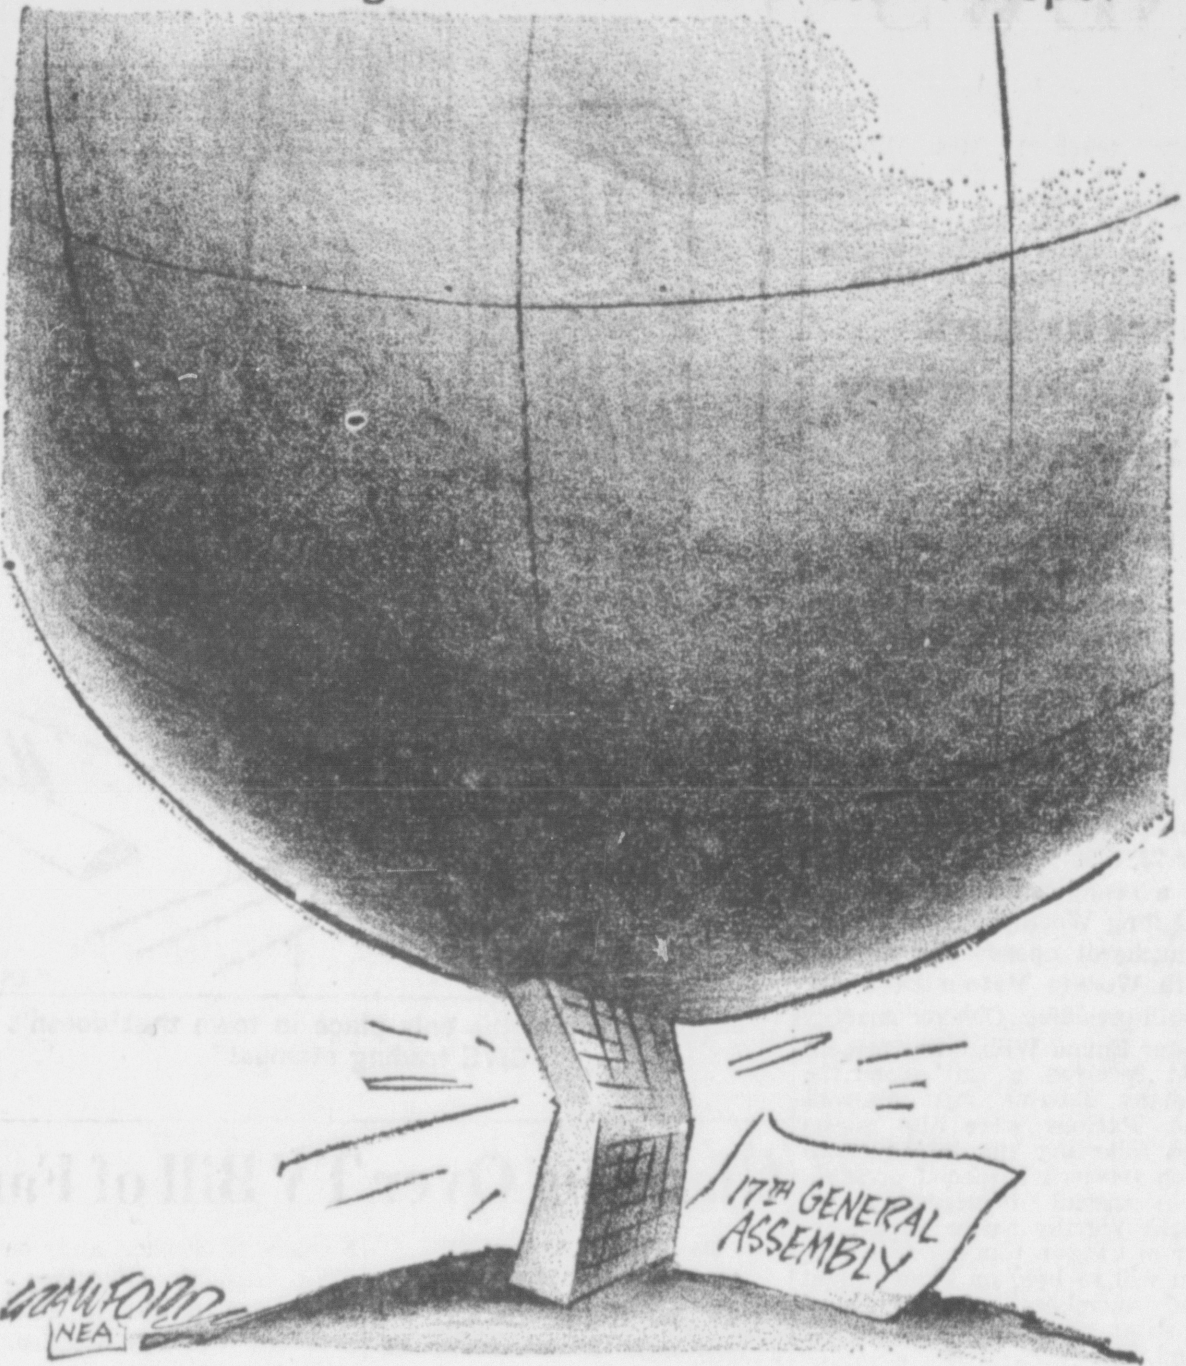

At first, air conditioners were confined to plants and factories. In 1914 one was installed in a room for premature babies in a Pittsburgh hospital.

By 1922, systems were perfected which could air condition large office buildings and in the 1930s movie theatres advertised "20 degrees cooler inside."

Today air conditioning is taken for granted in offices, stores and restaurants. Nearly eight million homes have some form of air conditioning. It also is invading automobiles.

Air conditioning is one more example of what was once an expensive luxury turning into a necessity.

## Washington News

BY PETER EDSON  
Washington Correspondent  
Newspaper Enterprise Assn.

WASHINGTON (NEA) — A

new gimmick that could start another hassle like the thalidomide controversy has just been introduced in the House version of drug control legislation now under consideration.

It is an amendment introduced by Rep. Samuel N. Friedel, D-Md., providing that government regulations must require doctors to inform "human beings" and obtain their consent to give patients experimental drugs before they are approved by the Food and Drug Administration for general use.

Obtaining the consent of a patient's "representative," was included to cover the cases of children, the critically ill, those in a coma or incompetents whose parents or guardians have the responsibility for the responsibility for their dependents, relatives or wards' care.

From an average citizen's point of view, it is only common sense that patients be told when a new drug is prescribed for them and give their consent to its use.

THIS IDEA was presented to the House Commerce Committee on Aug. 22 by Clinton R. Miller, assistant to the president of the National Health Federation of San Francisco and Washington.

Miller testified that, "No person should be denied the right to know that he is being made an involuntary guinea pig for the testing of experimental drugs."

Rep. Friedel was present when this testimony was given and said he would introduce a drug bill amendment to this effect. It has just been approved by voice vote in a House Commerce Com-

mittee session marking up a final draft of the legislation before it goes to the House floor for debate.

The 78-to-0 Senate-passed drug bill contains so such stringent restriction. Sen. Jacob K. Javits, R-N.Y., offered a strong amendment with this provision during floor debate, but after cloakroom conferences he was persuaded to water it down.

So the Senate bill provides only that the Secretary of Health, Education and Welfare, in issuing regulations on the use of experimental drugs, "shall have due regard for the ethics of the medical profession and the interest of the patients."

THE MEDICAL ETHICS of this situation are laid down in an opinion of the American Medical Association House of Delegates on March 3, 1958. Three principles for the use of experimental drugs must be followed "wherever possible."

• There must be voluntary consent of the patient.

• The danger of each experiment must be explained.

• The drug must be prescribed under proper protection.

An AMA spokesman in Washington says it will have no official position on the Friedel amendment—which came as a complete surprise—till there is an opinion by legislative counsel.

DRUG INDUSTRY representatives say this is primarily a problem of medical ethics.

Pharmaceutical Manufacturers Assn. is issuing a statement calling attention to the use of experimental drugs in research and developing new drugs under the proposed Friedel amendment.

Present law requires that there be substantial tests on patients with proven clinical results before the government will approve a new drug for use in general medical practice.

A Food and Drug Administration spokesman declines comment, saying this agency would prefer to stay out of the argument.

### THE QUESTION RAISED

HERE is how new drugs can be approved if there are no tests on human beings without their consent? Sound medical research can be conducted, it is maintained, only if patients have no knowledge that they are being given experimental drugs.

If patients are given advance knowledge that they are being experimented on, it may affect the way they react. In psychological terms, this is a placebo, or soothing effect.

The only way around this bloc is to tell a group of guinea pig patients, "We may or may not use this drug on you if you give us your consent." Some of the patients would then be given the drug. Others would be given sugar pills, as a control on the experiment by comparing the results.

Other difficulties are envisioned. Suppose a patient has cancer but is not being told he has cancer, which is common practice. How can he be given any of the many experimental cancer drugs if he must be told what he is being given and why?

## Jim Bishop: Reporter

It was a picture day. The sun was warm, the clouds high and white, sailing like slow caravels across Ebbetts Field. Uncle Wilbur Robinson, the fat manager of the Dodgers, walked out to home plate and presented the lineup card to an umpire. He talked, for a moment or two, about the ground rules, and went back to the dugout.

The pitchers had stopped warming up and now the Dodgers and the Pirates were about to play ball. About 8,000 fans sat watching, some on the high rim of the park, where they could look out as well as in. On the street, a taxi driver slowed his cab and yelled: "How many on base?"

A fan, trailing sarcasm for sarcasm, yelled back: "Dodgers have three on." The cab driver was surprised. "Yeah?" he said. "Which base?" This was an inverse tribute to the Dodgers, who were known as the Daffiness Boys, the Robins, the Dizzy Dodgers and other names less complimentary. It was said that a sensible player, by merely donning a Dodger uniform, lost his mind.

It was Dizzy Vance's turn to pitch, but he had wounded a knuckle on a batted ball. So, the date being early in May in the mid 1920's, Robinson sent a raw recruit out to the mound. The kid was a right-hander with two years at Buffalo in the International League.

This was his first tryout in the majors and he was proud and scared. He would face the Waners today—Paul and Lloyd—and he got the galloping tremors every time he thought of it. Behind him was an old and wise infield, and a young and stupid outfield. With nobody on base, for example, the third baseman would field a hot grounder and, instead of tossing to first, would throw to second just to see if the people there were alert.

In the outfield, the three men could run like deer. They also caught fly balls like deer. The rightfielder, whom we will call Barney, had lumps from catching flyballs on his forehead. He was a great stick man, but Uncle Wilbur hadn't figured a way of keeping him at bat all the time.

Behind him in right field was a corrugated tin fence and, when a ball caromed off it, the sound was like the opening of a J. Arthur Rank movie.

The kid went out, tossed his warmup pitches, and then threw a straight ball to the leadoff man. There was the crack of wood on the ball, and 8,000 fans paused in mid-peanut to watch the pill arc up into the sunlight, head for right field, and bounce

## Why Doesn't Kennedy Take Cuba Crisis to UN?

By DAVID LAWRENCE

WASHINGTON—The American people are becoming aroused over the Cuban situation. They read apprehensively about missile and submarine bases being set up by the Soviet Union 90 miles away from Florida. The feeling is growing among people throughout the country that the Kennedy administration is failing to do its duty, and that the President is spending too much time making political speeches instead of concentrating on a crisis which, if not handled wisely, could lead later on to war—just as happened in the 1930's.

What can the President do? This question is being asked often by those who do not wish to see military intervention of any kind in Cuba at this time. People also ask if there is anything else that can be done before invoking the Monroe Doctrine. Certainly the mere passage of rhetorical resolutions by Congress is not going to allay public fear that the United States is faltering in its course and is presenting a picture of weakness and irresolution.

There is a line of positive policy that can be undertaken which, if pursued confidently and unequivocally, can stop the Soviet aggression in Cuba, or at least clear the air as to what may hereafter be expected in the world when Soviet aggression poses its frightful threat.

The United Nations was established to preserve international peace. Many people in this country have lost faith in the UN, but nevertheless it does exist and the United States cannot afford to ignore its own solemn pledge to abide by the provisions of the charter.

### If Action Is Blocked

The charter, moreover permits any nation to bring to the attention of both the Security Council and the General Assembly any threat or act of aggression menacing its safety and security.

The United States government could lay the case before the United Nations with the warning that if action is blocked now, there will be resort later to the provision of the charter known as Article 51, which permits a group of nations to take action on their own to repel aggression.

This means that the United States, if unsuccessful at the UN meetings, could go ahead and invite as many of the members of the Organization of American States as desire to join this country in a military intervention in Cuba.

The object would be to get rid of all Soviet missiles, weapons and military personnel, as well as bases, in Cuba and at the same time to retake posses-

sion of properties of foreigners that have been confiscated without proper compensation. They are rights under international law which any member of the UN may assert, provided it reports to the UN what it is doing.

Article 51 of the UN Charter authorizes collective action in self-defense "if an armed attack occurs against a member of the organization." An "armed attack" against the Monroe Doctrine—the security system of the Western Hemisphere—has already occurred, as Soviet troops and war supplies have been landed in a country which is a member of the Organization of American States. The present government in Havana is a mere puppet of the Soviet regime.

Legal Entities  
Article 52 of the UN Charter specifically recognizes regional organizations as legal entities which can take action on their own. It says:

"Nothing in the present charter precludes the existence of regional arrangements or agencies for dealing with such matters relating to the maintenance of international peace and security as are appropriate for regional action, provided that such arrangements or agencies and their activities are consistent with the purposes and principles of the organization."

This means that self defense can be taken in self defense, since Article 51 of the UN Charter says:

"Nothing in the present Charter shall impair the inherent right of individual or collective self defense."

This certainly doesn't say or imply that a UN member must wait till an enemy strikes the first blow. Everybody knows to-day that an armed force is stationed in Cuba which is building up its military position. "Self defense" for the United States means interception of the enemy by compelling him to stop his acts of aggression and to abandon any territory already occupied—as in Cuba.

Procedures through the UN may take time, but they could clear the air. If ultimately the only way out is to take "individual or collective" action the United States will at least know what its duties and responsibilities are for the preservation of peace and for the defense of the security of all countries in the Western Hemisphere. The American people will also learn what benefit, if any the UN can really be in an emergency involving the security of the United States and what nations in Europe, Africa and Asia are true friends of this country and defenders of human freedom.

## New Yorkers In Washington

By JOSEPH R. COYNE  
WASHINGTON (AP) — The House came close recently to breaking one of Rep. Leo W. O'Brien's proudest records.

Since O'Brien was first elected to Congress in 1952, the House never has defeated a bill he supported in a floor speech.

"Not that my speeches mean anything," the affable Albany Democrat said, "but after 11 years it begins to amount to something in your mind. It's something you can tell your grandchildren."

That record was almost broken several weeks ago when the House defeated a procedural move to bring a Virgin Islands park bill to a vote.

The same move proved successful last week, and the bill was passed, thus preserving O'Brien's record.

Despite its seriousness, Senate action on President Kennedy's nomination of Thurgood Marshall to the 2nd Circuit Court of Appeals had one light moment.

After the Senate vote confirming Marshall, who is a Negro, Sen. John Tower, R-Tex., a conservative, walked up to Sen. Kenneth B. Keating, R-N.Y., a liberal, and said:

"You may have to come to Texas and campaign against me to make up for that vote."

Tower voted for confirmation, as did Keating.

## Albany-Newburgh Train Excursion Planned Oct. 14

Resumption of passenger service for one day on the West Shore of the New York Central Railroad is scheduled for October 14. On that day the Capital District Railroad Club will sponsor a special excursion from Albany to Newburgh and return. The excursion will be open to the public.

This is the first time a passenger train has been scheduled on the line since regular service was suspended in June, 1958. The special train, consisting of air-conditioned coaches, baggage cars, and open gondolas, will leave Albany Union Station at 9 a. m. (EDT) and return around 7:30 p. m. A two-hour layover in Newburgh is planned to permit those who desire to make a side trip over the soon-to-be-abandoned Newburgh-Beacon ferry and the Mt. Beacon incline railway.

Timed to coincide with the height of fall foliage, the excursion will permit the photographing of the Hudson River Valley from the open gondolas as the train passes through deep cuts and fertile farm land and over the famous Catskill trestle. The train will also pass through the railroad's busy Selkirk Yards.

Refreshments will be available on the train and limited luncheon facilities will be open in the Newburgh-Beacon area. Excursionists are invited to bring picnic lunches.

Complete details on the trip are available from J. T. Dempster, 27 Cherry Lane, Scotia.

## Body of Greene Man Found; Was On Sunken Tug

NEWARK, N. J. (AP) — Police Thursday identified the body of a young man found Tuesday in Newark Bay as the third victim in the sinking of a tugboat. The body was that of Carl Salverson, 27, of Greenwood, N.Y. His body was found Tuesday wedged under a bulkhead at Pier 65 in Port Newark.

The tug, the Russell No. 18, capsize and sank in the Elizabeth Channel last Thursday. Four of its seven crewmen were rescued, three others drowned.

## GIBBS ACCEPTS CHALLENGE TO DEBATE BERT AND HARRY

NEW YORK, Sept. 26 — E. Gordon Gibbs, director of advertising for Piel Bros., Brooklyn and Staten Island, today agreed to a radio debate with Bert and Harry Piel. The two brothers, who once delivered all commercial messages for Piel's, but were dropped as spokesmen two years ago, had issued a challenge to Mr. Gibbs to submit their differences to the public in a debate.

**Refusal Expected**  
It was generally supposed that Mr. Gibbs would duck the challenge, having little to gain. His acceptance leads to speculation that perhaps his position at Piel's is not so secure as has been imagined.

It is known that there is some resentment on the part of the public and Piel's employees over his so-called "modern" advertising methods. Perhaps the former efficiency expert feels that a popular victory in the debate is needed to reinforce his position at the coming directors' meeting.

### DINING IN A BACHELOR'S APARTMENT

Q: I would very much appreciate your answering the following question for me: I am a single woman in the mid-thirties. Recently I met a bachelor who is several years older than I. He lives in his own apartment and has a maid come in every day to cook and serve his meals. He has asked me to have dinner with him several times (just the two of us), but I have always made some excuse because I am not sure whether it would be proper for me to go. Would the presence of the maid make my going proper?

A: If you leave as soon as dinner is over to go to the theater or some other place, there would be no impropriety in your dining in your friend's apartment, as long as the maid is present. But to stay on with him alone after the maid goes home would be improper and an unwise thing to do.

### Paying Her Taxi Fare Home

Q: Should it happen on occasion that I cannot see a woman friend home and I put her in a taxi, is it up to me to pay the cab fare, and if so, how is this handled? Do I hand her a sum of money with which to pay the driver, or do I let her pay it and reimburse her the next time I see her?

A: You should, of course, see her home if you can. But if for some reason you cannot take her home, you should ask the driver approximately what the fare will be and give him enough to cover it plus a tip.

### Providing Guests With Cigarettes

Q: I am a young married woman and neither my husband nor I smoke. Most of our friends do. When I invite them to our house, am I supposed to provide cigarettes for them, or is it all right to take for granted that they will smoke their own cigarettes since they all carry them?

A: If you are giving a party, you should include cigarettes in your provisions. But if people merely stop in to see you, it is not necessary to proffer cigarettes since, as you say, all smokers carry their own.

MR. AND MRS. KENNETH PATRAKAS

### Sharkin-Patrakas Wedding Is Announced; Ceremony Takes Place in Kerhonkson

Vows of marriage were exchanged by Bonita P. Sharkin, daughter of Mr. and Mrs. Lester Sharkin, and Kenneth Patrakas, son of Mrs. G. Patrakas of Kew Garden Hills, N. Y., on September 16.

The Rev. Julian C. Lehn officiated during the ceremony which took place in Kerhonkson at the Colonial Hotel. Approximately 100 guests attended the wedding and reception.

Music was provided by Johnny Michaels and his orchestra. The bride was given in marriage by her father. She wore a gown of silk organza in princess style with empire bodice, shirred abbreviated sleeves and a circlet neckline. Her bouffant skirt was circular and a princess crown held a fingertip veil of silk illusion. She carried white roses and stephanotis.

Attending the bride as her

maid of honor was Miss Maxine Davis of Brooklyn, her cousin. She wore a gown of blue and green brocade in ballerina length.

Charles W. Clark of Port Washington, N. Y., was the best man. Ushers were Joseph Sharkin, the bride's brother, Peter Patrakas, cousin of the bridegroom, Robert Butler, and Jerry Small.

For her wedding trip, the bride wore an Italian knit green suit with black accessories. Mrs. Patrakas is a graduate of Kingston High School and prior to her marriage she was a telephone operator and receptionist for Varifab in High Falls. Her husband is an alumnus of Milford Preparatory School and Nichols College. He is self-employed.

Mr. and Mrs. Patrakas will reside in Kew Garden Hills, Flushing.

### Morton E. Gilday Addresses Members Of Democratic Club

Morton E. Gilday charged last evening that President Kennedy's Health Insurance program for older people through social security has been "blocked by the stubborn, unreasoning opposition of Republicans" and he urged the people of the 28th Congressional District to support the President's medicare program and, as he put it, "breach the ancient Republican wall of opposition to economic security for the American people."

Mr. Gilday, Democratic candidate for member of Congress addressing a meeting of the Ulster County Democratic Women's Club, held at the Governor Clinton Hotel in Kingston, charged that the Republicans were against social security in the beginning and have consistently opposed it ever since. He urged his listeners to vote for the candidates who support the President's program.

He asserted that the President's program of health insurance for the aged under social security was defeated in the Senate this year "under a massive Republican attack."

"A two-thirds majority of the Democrats in the Senate and a few Republicans voted to provide the older people of this country with the means to pay for the health care they need," Mr. Gilday said. "But when it was all over, the ancient Republican wall of opposition to economic security for the American people—a wall breached by the Democrats so many times in the past—this time, the Republican wall held."

"The Republicans are not just against health care for the aged," Mr. Gilday charged. "They are against social security and anything that has anything to do with it." But Mr. Gilday declared that "this is not the end of the story for the President's Medicare program." He predicted that "when the Democrats go back to Washington next January, they are going to go forward with the President in providing health insurance for the aged through social security."

### YMCA News

#### Water Safety Class

The fall class of the Kingston YMCA Water Safety and Life-saving will start Tuesday, Oct. 2, with tryouts and another tryout session Thursday, Oct. 4. The fall session will be open for men and boys only. A coed class will be conducted in the spring.

The tryouts are to select swimmers who are strong enough to pass the course. Tryouts include 200 yards free style swim, 50 yards of each, back stroke, side stroke, breast stroke and frog kick on back.

Regular class sessions begin Tuesday, Oct. 9, and will meet each Tuesday and Thursday from 7 to 9 until Nov. 15.

Additional information and registration may be made at the YMCA.

#### Pollywog Swim

The first class of pollywog swim instruction for first and second grade boys 48 inches tall or more will start Saturday, Oct. 6 at 8:45 a. m. This class will be conducted for 10 weeks and is the only program offered for boys under eight years of age. Instructors are with the boys continuously.

From the first two classes over 50 per cent of the boys have learned to swim the width of the pool. The limit is 20 boys for this class and parents are urged to enroll their boy early to avoid disappointment.

The second class will start Saturday, Jan. 12, 1963. Registration forms and additional information may be obtained at the Y.

If fish steaks are less than an inch thick, you may be able to broil them without turning.

### College-Community Chorus Will Resume Rehearsals Oct. 2

The College-Community Mixed Chorus of the State University College, New Paltz, will hold its first rehearsal of the school year on Tuesday, Oct. 2, in Room 215 of the College Main Building at 7 p. m.

Under the direction of Robert Strohenke, Assistant Professor of Music, the course will begin its 16th year. It is dedicated to the performance of great choral compositions of the last 500 years. Membership is open to students, faculty, and community residents. Anyone interested in becoming a member of the group is urged to talk with Mr. Strohenke.

The winter concert will be given December 4 in the College Auditorium.

MR. AND MRS. LEE WARREN KIAS

## Judith Ann Smith, Lee Warren Kias Exchange Marriage Vows and Rings

The Fair Street Reformed Church in Kingston was decorated with white gladioli, pom-poms and baskets of mums for the wedding ceremony uniting Judith Ann Smith of Kingston and Lee Warren Kias, also this city, in marriage. The bride is the daughter of Mr. and Mrs. David George Smith of 14 Hillcrest Avenue, this city. The bridegroom is the son of Mr. and Mrs. G. Warren Kias of 114 Wilson Avenue.

The wedding took place on September 22 at 2 p. m. with the Rev. Edwin Coon officiating. The bride was given in marriage by her father. She wore a gown of pure silk organza posed over a tulle bodice with a fitted bodice, abbreviated sleeves and a bouffant skirt in chapel length. The bodice featured tiny organza roses set in applique medallions of Alencon lace which was repeated in the skirt. Her veil of French silk illusion was gathered to a stylized pill-box hat trimmed with a tiny

rosebud in a lace medallion. Miss Sally Shurter was the maid of honor. She wore a gold silk faille gown with scooped neckline, shoulder cape over a fitted sheath bodice with pleated skirt in cocktail length. Her flowers were bronze Fuji mums with bittersweet and ivy. Her hat was a circular crown with a flat bow in front in faille and it held a flirtation veil.

Attendants were Mrs. Marie Gallagher of 145 Elmendorf Street, this city, and Miss Joann Locke of 61 Prospect Street, also this city. Their gowns were identical to that worn by the honor attendant except in lime color. They carried similar bouquets.

Arthur Beck was best man and ushering were Carl Nelson of Silver Springs, Md., and Arthur Elting of Kingston.

A reception was given at the Capri Restaurant for approximately 165 guests. Music was by Joe Vigna and his orchestra.

For her wedding trip to Florida, the bride wore a two piece brown ensemble with gold and brown accessories.

The bride was graduated from Kingston High School and prior to her marriage was a dental assistant in the office of Dr. Milton Ratner. Her husband, an alumnus of Kingston High School and Union College where he earned his AB in Economics, is a member of Delta Phi Fraternity. He is now employed by the Aetna Casualty and Surety Company of Albany in the claims department.

Mr. and Mrs. Kias will be at home at 87 Fontgrove Road, Slingerlands, N. Y.

Combined installation ceremonies of Mt. Tremper 1468, Asbury 1408 and Lake Katrine 1065 will be held at Asbury Grange Hall Monday, Oct. 8, at 8 p. m. with Ross K. Osterhoudt of Stone Ridge Grange as installing officer. It was voted to donate \$5 to the National Grange Youth program. Mt. Tremper Grange was one of three Granges in Ulster County receiving a \$50 U. S. Savings Bond and honorable mention from National Grange and the Sears-Roebuck Foundation in the 15th annual community service contest for activities in behalf of their communities. A dance will be held at the Grange Hall Saturday, Sept. 29, from 8:45 p. m. until midnight. Refreshments will be available. Music by a local orchestra.

### Stone Ridge 931

Stone Ridge Grange held the annual election of officers for the ensuing year at the regular meeting held at the Grange Hall Monday. Elected were: Wilber Neff, master; Kenneth Osterhoudt, overseer; Ross K. Osterhoudt, lecturer; Florence Wood, gate-keeper; Dorothy Werner, steward; Richard Krohn, assistant steward; Janice Werner, lady assistant steward; Amy Hardenbergh, chaplain; Lucy Yeaple, Ceres; Maureen Drew, Pomona; Clara Pine, Flora; Elsa Hart, treasurer; Mrs. M. E. H. Osterhoudt, secretary; Sarah Lounsbury, executive committee; Edythe Newkirk, Amy Hardenbergh, Dorothy Werner, Janice Werner and Florence Wood, service and hospitality committee. The next regular meeting will be held at the Grange Hall Oct. 1 at 8 p. m. This will be an open meeting and the annual "Booster Night" program will be presented as well as the installation of officers. The public is invited.

### Patroon 1519

Approximately 75 members attended the open "Booster Night" meeting held at the Grange Hall on Monday evening, preceded by a pot luck supper. Guests included members from Stone Ridge and Hurley Granges along with other invited guests. The program for the evening consisted of group singing, songs by the Harmonizers, piano solo—Beethoven's Sonata and Whispering Hope by Sharon Quick. Mrs. Dorothy Sanderson, director of the Ellenville Library, gave an interesting talk and showed slides on the Delaware and Hudson Canal. Honored for 25 years of service to the local Grange were Aaron Bell, Edward Carle, Dorothy and Mildred Kelder, Emil Krohn, Mr. and Mrs. Michael McAuliffe and Mr. and Mrs. M. P. Palmer. The next regular meeting will be held at the Grange Hall in Accord Monday, October 8 at 8 p. m. Refreshment committee will include Mr. and Mrs. Harry Smith, Morris Sims, Anna Kelder, Maude Gazeley, Sarah Christian and Nellie Deyo.

### Lake Katrine 1065

It is with regret that the following names of officers were omitted from the report of last week: Robert Hasler, gatekeeper; Pratt Boice, Percy Bush and William T. Hooke, members of the executive committee. The next regular meeting will be held at the Grange Hall Oct. 1 at 8 p. m. Refreshment committee for October includes Mrs. Leola Witt, chairlady; Mrs. Auley Roosa, co-chairlady; Roland Augustine, Mr. and Mrs. Gerald Woodvine, Mr. and Mrs. Frank Mason, Willis Myers, Mr. and Mrs. Harold Machold; Mrs. Elaine Burnett and Mr. and Mrs. Leo Arace. Combined installation ceremonies of Lake Katrine, Mt. Tremper and Asbury Granges will be held at the Asbury Grange Monday, Oct. 8, with Ross K. Osterhoudt as installing officer.

### Plattekill 923

The "Booster Night" program held at the local Grange Saturday night was attended by approximately 150 persons, including members and guests. Silver

Star certificates and silver pins denoting 25 years of membership in the Grange were presented to Mrs. Kenneth Cronk, Martin Depew, Mrs. Madeline Zuelle, George E. Sisti Jr. and Mrs. Irene Jenkins by Walter Kleeman, master. Flowers were laid on the altar in memory of the late Edgar Cronk, a past master who would have received his Golden Sheaf Certificate denoting 50 years of Grange membership at this meeting. The program included a candle lighting ceremony by Muriel Foster and Christine Grismer and a dramatization "Fraternity" by Mrs. Burton Ward. Demonstration entitled "We each contribute" showing the structure of the Grange organization was given by a group of the members arranged by Mrs. Wilson Edmunds with a vocal solo by Andrew Sterling. Other features included a panel discussion on "Advantages of Grange membership for young people" by Peter Kleeman, Robert Gunsh, Carol Decker, Christine Grismer and Elizabeth Melody, with moderator, Mrs. Nathaniel Dawes. Musical selections, community singing, recreational membership series of charades by the young people. Presented as guests were Mrs. Alfred Harris, matron, George Edwards Jr., master; and several members of the juvenile grange. Past Masters present were Kenneth Cronk, Milton Van Duser, Wilson Edmunds, Henry Barclay, Alfred Harris and Charles T. Everett. In the attendance contest, the team with Captains Patricia Kleeman and Mary Zalezak won the highest number of points. This team will be guests at a Grange social evening to be held Saturday, Oct. 20. Mr. and Mrs. Ralph Grismer and Mrs. Anna Hacker won awards in a get-acquainted game. The closing number was a briefing on State Grange Program for 1963 by Ulster County Deputy, Charles T. Everett. Final plans were made for the annual Grange fair to be held at the Grange Hall Saturday, Sept. 29, starting with a portion supper to be served from 5:30. Utility, baked foods, candy, fruit and vegetables and a Juvenile Grange booth with a miscellaneous attraction will be the feature of the evening program. A film by the Central Hudson Gas & Electric Corporation will be shown. The next regular meeting of the Plattekill Juvenile Grange will be held at the Grange Hall Friday, Oct. 12, at 7:30 p. m.

Any alumna of the college who has recently moved into the area and has not received a written announcement of this meeting, is invited to attend and should contact the club president, Mrs. Thomas L. Partlan, 254 Delaware Avenue, this city.

## Mt. Holyoke Club Meeting on Monday

The fall meeting of the Hudson Valley Mount Holyoke Club will be held Monday, Oct. 1 at 7:30 p. m. in the General Sharpe Room of the Governor Clinton Hotel.

Dessert will be served. Business will include instructions to the Alumnae Council, Miss Martha Barnett, who will attend the Alumnae Council weekend at the college in November.

Speaker for the evening will be Miss Lois Prescott, guidance counselor at Kingston High School. Her subject will be "Counseling the College Bound." Any alumna of the college who has recently moved into the area and has not received a written announcement of this meeting, is invited to attend and should contact the club president, Mrs. Thomas L. ## Shoots Ex-Wife's Mate, Kills Self

GLENS FALLS, N. Y. (AP)—A divorced man forced his ex-wife and her husband to drive to a lonely road near here early today, shot and critically injured the husband, then killed himself, the Sheriff's Department reported.

Isaac LaFoy, 54, killed himself with a shotgun blast after wounding Everett LaMotte, 44, with a rifle, Sheriff Robert N. Lilly said. LaMotte's wife, Alfreda, 36, suffered a leg injury while running through woods to escape. She was taken to a hospital here.

All lived in Glens Falls.

Both men were laborers in carpentry, paper hanging and the like.

Lilly said the woman had divorced LaFoy about two years ago and then married LaMotte last year.

Lilly said the three had been living in the same building.

## 8-Room House Is Razed by Fire Near Ellenville

Fire destroyed a two-story eight-room frame house off Briggs Highway near Ellenville Thursday, despite efforts of Ellenville Volunteer firemen in command of Chief George Garison.

First reports from the County Fire Control Center before noon said the fire was at the Jockey Country Club Hotel, Ellenville, but later it was learned from State Police that the fire broke out apparently in the kitchen of a house owned by Peter Abramowitz, and flames destroyed the residence.

Trooper Michael Mahoney, Ellenville, went to the scene after being informed the fire was at the hotel. He reported today the house owned by Abramowitz was rented by Joseph Zesuter and family. No one was at home at the time the fire started.

Mahoney reported the fire probably was caused by a faulty oil stove in the kitchen. The fire started after 11 a. m. and firemen returned to their station shortly before 1:30 p. m.

### Predicts Approval

Final approval of a City-Town of Poughkeepsie incinerator agreement is predicted by Mayor Victor C. Waryas, Poughkeepsie, at a meeting of the city's Common Council slated for Monday night, Oct. 1.

The Town of Poughkeepsie Council has taken affirmative action by unanimous vote, after the rewording of one section of the pact to reconcile a city stipulation. Mayor Waryas said Thursday that formal action of the City Council appears assured.

## Ulster Library Reelects, Names New Directors

The Town of Ulster Library Association recently reelected its line officers and named three others as members of the board of directors.

Reelected were Edward Crosby, principal of Lake Katrine School as president; Robert Ohlson, treasurer and Mrs. Michael Maxson, secretary. The three officers also were named to the board of directors for three-year terms.

New directors elected were: Mrs. Gerald Woodvine, Mrs. O. L. Sande and William H. Williams.

The treasurer's report showed a balance of \$844.50 in the general fund and \$5,500 in the building fund.

Bruce Burgher reported on circulation and advised that there were now more than 500 registered users of the library facilities.

James Quinn was appointed to fill the unexpired term of Mrs. Robert Hensel who resigned due to her husband's transfer from this area.

Thaddeus Musialkiewicz, chairman of the building committee, submitted a proposed sketch of the new library building. Comments and recommendations of the board will be submitted to Augustus R. Schrowang, architect, for preparation.

It was reported that attendance at the recently instituted story hour on Saturday mornings has been gratifying. Another story hour session will be held this week at 10 a. m.

## VFW Cub Pack 19 Visits Air Field

Joyce-Schirick VFW Post 1386, sponsored a bus trip recently for the Cub Scouts and parents of Pack 19, to Stewart Air Force Base at Newburgh. The bus arrived at the base 10:15 a. m. The Pack was met by Newburgh Kiwanis Club. The day started off with a movie at the base theatre. Then the Pack toured through some airplanes on display and viewed others they weren't allowed to enter.

They also were permitted to go through the parachute shop. Here they were shown how they pack a parachute, what the pack contains, and how a man can survive from his parachute and pack. The group also visited a airplane hangar and saw the mechanics at work.

The main event of the day was a parachute jump. The Pack returned home at 2:30 p. m.

Acker Bus Company supplied the bus for the trip.

Wednesday the Pack held its monthly meeting. The theme for the month was the year "2000 A. D." The meeting was opened by Den 1. New Cubber Dennis Stokes, and parents were introduced.

A skit by Dens 1 and 3 followed the theme. The Cubs were dressed as space and moon men. The skit was performed with the help of the Den Mothers, Mrs. Gladys Osborn and Mrs. Jean Long.

The theme for October was explained by Cubmaster John Krusher. The theme is "Heroes in Books." Films supplied by New York Telephone Co. told the story about the "Echo Satellite" the first one to be sent on a mission into space. The second told the story of how they make the cable that carries the sound of man and pictures across the land, under the water and in the air, by the use of cables.

After the films Cubmaster Krusher held the Award Ceremonies. Dennis Stokes was presented his Bobcat pin, and became an official scout of Pack 19. The next awards were given to James Cave, who received his Wolf Badge; Gary Fisher, silver arrow on his Bear Badge and Lion Badge with a gold and silver arrow; Steven Fratoni, silver arrow on his Bear Badge; Bart Dutton, denner stripe; James Cave, assistant denner stripe.

Cubmaster Krusher presented a special award to Den Mother Mrs. Barbara Tomczyk, for completion of the den mothers training course and a pin for perfect attendance for the last four years. She also received a four-year service star.

Refreshments was served by the parents, and soda furnished by the VFW.

Roundtable will be held at St. Mary's Hall on Broadway, October 15 at 7:45 p. m. The next committee meeting will be held October 17 at the home of Mr. and Mrs. Steven Fratoni, 12 Florence Street. The pack meeting will be held Wednesday, Oct. 24 at 8 p. m. at the VFW Hall.

## Two Sites Remain Now To Consider for School

Ten of 12 potential sites for a new senior high school in the Hyde Park Central School District, have been eliminated by the Board of Education, according to Superintendent Walter G. Clifford.

The superintendent stated that one site is the former Hudson River State Hospital farm property on Creek Road at East Dorsey Lane, which has been cleared by the Department of Surplus Property and made available to the district. The tract comprises 41 acres.

The second site, still under consideration is a 75-acre tract on the Haines property on South Cross Road, near Route 9G. The Board of Education has taken an option on this site.

The school board members will meet again Wednesday to review the education program wanted for the new school and to submit requirements to the architect.

## Local Attorneys Form Partnership

CHARLES H. GAFFNEY

Announcement was made today of the formation of a partnership for the general practice of law by Charles H. Gaffney and Joseph D. Hill.

The firm, to be known as Gaffney and Hill, will be situated in the Cordts Building, 293 Wall Street, next to the Ulster County Court House and at 124 Canal Street, Ellenville.

### Effective on Monday

The partnership becomes effective Monday, Oct. 1.

Attorney Gaffney is a lifelong resident of Ulster County. He was born at New Paltz, a son of Mr. and Mrs. Daniel J. Gaffney and attended grammar school there. Later his family moved to the Town of Marlboro where he attended Marlboro High School. After graduation he went to Fordham College and Fordham Law School where he obtained his college and law degrees. He was admitted to the New York State Bar and entered the armed forces in July, 1941 and spent four and a half years in the service. In August, 1942, he was graduated from the Air Force School of Administration and commissioned a second lieutenant. After being commissioned he completed his tour of duty as an Administrative Officer assigned to the 12th and 15th Air Forces in the Mediterranean and European Theaters and was promoted to the rank of lieutenant colonel. He is presently acting in the reserve serving as a commanding officer and instructor for F1 K of the 9262d Air Reserve Squadron which meets weekly at Kingston.

Since his discharge from the service he has maintained offices for the general practice of law at 290 Fair Street and 41 Pearl Street.

H has carried on an extensive practice in all courts of the state and has been particularly active in estate and trial practice, and served as Surrogate of Ulster County from 1956 to 1959.

Former Bar President

Attorney Gaffney is a member and past president of the Ulster County Bar Association; a member of the New York State and American Bar Association; St. Joseph's Holy Name Society; Kingston Post 150 American Legion; La Societe des

JOSEPH D. HILL

40 Hommes et 8 Chevaux; Joyce-Schirick Post, 1386, Veterans of Foreign Wars; charter member Kingston Post 1769, Catholic War Veterans; Knights of Columbus 4th degree; Kingston Lodge 530 BPO Elks and Twaalskill Golf Club.

In December 1954 Attorney Gaffney was appointed by Gov. Thomas E. Dewey as a member of the advisory council of New Paltz State Teachers College, New Paltz, to serve for a period of six years as an honorary member of that body.

He is married and resides with his wife, Elsie Meehan Gaffney and seven children at 204 Pearl Street.

Attorney Hill is a son of Mrs. Mary E. Hill and the late Joseph H. Hill of James Street, Rosendale. He was graduated from Kingston High School in 1947, from Fordham University in 1951 and in June, 1954 was graduated from Albany Law School. He was admitted to the bar in November, 1954.

Following his admission to the bar, Attorney Hill was admitted to practice before the Federal Bar of the Northern District of New York and is a member of the New York State Bar, Ulster County Bar Association and Albany Law Alumni Association.

In December, 1954, Attorney Hill entered the U. S. Army, joined the Second Armored Division and was assigned to the 24th Armored Ordinance Battalion serving in Germany. During his 18 months overseas duty he became Courts and Boards clerk, handling courts martial and other legal matters for the battalion.

### Law Clerk for Bruhn

Since his return to civilian life, Attorney Hill has maintained offices at 58 Pearl Street, for the general practice of law. In November, 1957, Attorney Hill opened law offices in Ellenville as successor to H. Westlake Coons.

Attorney Hill is confidential law clerk to Supreme Court Justice Louis G. Bruhn.

Attorney Hill is married to the former Jane Briggs, daughter of Mr. and Mrs. J. Ellis Briggs of this city. They reside at 52 Lounsbury Place and are the parents of four children.

## Auto Club Renews Plea for Median Thruway Barriers

The lower section of the New York State Thruway is being permitted to become a "death trap" because of failure of its officials to install a much-needed impassable median barrier to prevent head-on collisions, the Automobile Club of New York charged Thursday.

In a letter to R. Burdell Bixby, chairman of the New York State Thruway Authority, auto club president William J. Gottlieb stressed that a "rash of cross-median accidents" is now plaguing the portion of the Thruway from the Tappan Zee Bridge south to the New York City line. Copies of the letter were sent to Gov. Nelson A. Rockefeller and Superintendent of Public Works J. Burch McMorran, with a request that they support Thruway barriers.

### Called Inexpensive Step

"There is no question," the AAA official told Bixby, "but that the simple and relatively inexpensive step of installing a median barrier from the Tappan Zee Bridge south to the New York City line will eliminate these dangerous and nearly always fatal accidents."

He noted that the seriousness of the situation has led officials in Westchester County to investigate the causes of the accidents. "While these public officials may speculate as to the causes, they—and for that matter the Thruway Authority itself—overlook the obvious preventive measure which would forestall the head-on, cross-median accident."

Gottlieb pointed out that there has not been a single cross-median type, fatal accident on the Hutchinson River Parkway since a barrier was erected last December. Similar results have been experienced on other roads in the area.

He reminded Bixby that practically every recognized highway authority—including the New York State Department of Public Works—has come to accept barriers as the solution to cross-median accidents and that a barrier has been ordered for a portion of the Tappan Zee Bridge.

### Absolute Obligation

"The AAA has been urging the installation of a barrier on the Thruway since August, 1961," he declared. "In reply, we have been told that authority funds are limited and that the authority would prefer to rely on police patrols as a safety measure. It is, in reality, difficult to conceive of just how a patrol car could prevent a cross-median accident," he said.

"Surely the authority must recognize that it has an absolute

## Senior Citizens Group Opposes Care for Aged

NEW YORK (AP)—A senior citizens group opposes the state program providing medical care for the aged.

George Orth, representing the Council of Golden Ring Clubs of Senior Citizens, told a joint legislative hearing on the state program Thursday that the State Medical Society was "trying to block the only sound solution to the problem — hospital and medical services for the elderly through the Social Security System and the Railroad Retirement Act."

Orth contended that only 1.7 percent of the state's aged population now is aided under the provisions of the state Metcalf-McCloskey law, enacted 18 months ago. The law implements the federal Kerr-Mills Act, under which the federal government provides 50 percent of the funds, with the state and local areas each providing 25 percent.

The State Medical Society has recommended that the state pay all or part of the cost of health insurance for persons over 65 who cannot afford to pay.

Dr. Irvin Alper of Utica, medical director of the Oneida County Welfare Department, said he believed that "it would require a great deal of expensive buildup of 'empire' in the State Health Department offices to accomplish what is now being done by existing welfare agencies."

## 20-Day Extension Given on Driver Permits by Bureau

ALBANY, N. Y. (AP)—The State Motor Vehicle Department is granting a 20-day extension to motorists whose driving permits expire Sunday but who have not received new punch-card renewal forms in the mail.

The department said Thursday such persons should report to their nearest motor vehicle offices and fill out special forms. Their old permits will then be marked "Expiration date extended 20 days."

The forms will be sent to motor vehicle headquarters here and, if a motorist is legally entitled to renewal, a form will be sent by mail.

The department is in the second year of a program to place the driving permit system on a punch-card basis.

The department mailed 1,375,000 punch-card renewal forms this year. The post office has returned 60,000 of them because they could not be delivered, a department spokesman said.

### Deception Play Nets Points

BY OSWALD JACOBY

America recovered 13 International Match points at the end of the sixth session of the World Championship match when Charley Coon climaxed a series of unusual bids with a neat play.

Sitting West he not only responded in hearts but rebid to four hearts rather than show his tremendous spade support.

North opened the four of spades: Dummy played low and South's ten forced Charley's queen. Then he played the ace of hearts, a heart to dummy's king, and the six of diamonds from dummy. South played low and Charley's ten forced North's king. North played his last heart, Charley won in dummy and led the queen of diamonds. South played his ace and Charley ruffed.

He led a spade, won by South who played a club to dummy's ace. Charley discarded his losing club on the jack of diamonds and conceded one more spade trick, making game.

At the other table, the Italian West raised his partner's one spade opening to game. South opened the jack of clubs and declarer had to lose one club, one diamond and two spades.

While game cannot be made against proper defense the bid is justified because it makes almost automatically if spades break nicely.

## Two Enter Guilty Plea in Store Thefts

A Kerhonkson man and a Poughkeepsie woman recently pleaded guilty before City Judge Milton Haven, Poughkeepsie, to charges of petit larceny. Both were accused of taking merchandise from the Grand Union-Empire Market, New Market Street, Poughkeepsie.

Security Officer James Powers and his wife, Mary Ann Powers, Poughkeepsie, policeman, arrested Ernest Van De Mark, Kerhonkson, and Doris E. Thorne, 39, of 25 South Bridge Street, Poughkeepsie.

Van De Mark was accused of taking pills worth \$5.02 merchandise. He was sentenced to 30 days in the Dutchess County Jail. The woman received a 30-day suspended sentence. Police accused her of taking \$2.72 worth of meat.

## Hollywood News, Views

By BOB THOMAS

AP Movie-Television Writer

HOLLYWOOD (AP) — No man for false modesty, Oscar winner Maximilian Schell nevertheless holds to the late Humphrey Bogart's theory about acting awards: The only way to really judge the best acting is to let each contender tackle the same role, say "Hamlet."

## Oscar Fills Pockets

If such ground rules are ever adopted by the Motion Picture Academy—and I doubt if the stodgy group will ever be so progressive—Schell is ready. He has already done his "Hamlet."

## Stewart AF Team Places Second in Carrier Contest

The 336th Troop Carrier Squadron (Reserve) of Stewart AFB, part of the team representing the 514th Troop Carrier Wing, finished second in the Continental Air Command's 6th Annual Troop Carrier Competition held at Ellington, AFB, Houston, Texas.

## The 452nd Troop Carrier Wing

from March AFB, California, nosed out the 514th in one of the closest finishes in the history of the competition. The California Wing jumped to a lead on the first day of competition by dropping their para-troopers a scant 35 feet from the bulls-eye helping them mass a total of 3310 points, out of a possible 3500. The 514th, dropping their troopers 320 feet off target, grabbed second place with a point total of 3154 after the first event.

The 452nd hung on to the slim lead during the final two events to become the only wing ever to win the competition two years in succession.

Thirty-nine of the sharpest transport crews in the Air Force Reserve vied for the coveted title in one of the most fiercely contested competitions to date. The competition, designed to increase morale and esprit de corps in the Reserve ranks, is another means by which the Air Force can evaluate the air drop proficiency, aircrew integrity, combat maintenance quality of reserve Troop Carrier Squadrons assigned to the Continental Air Command.

## Mid-Hudson Libraries Appoints Aide to Staff

James Brock has joined the professional library staff of Mid-Hudson Libraries, at 105 Market Street. Mid-Hudson Libraries is a regional library system serving 45 public libraries in the counties of Columbia, Dutchess, Greene, Putnam and Ulster.

## Brock did his undergraduate work at Columbia University where he majored in Spanish and History. He received his Master's Degree from the School of Library Services at Columbia University in 1955.

## He worked in the Serial Acquisitions Department of the New York Public Library while attending library school and was on the staff of the Mount Vernon Public Library, in Westchester, for six and one half years. Most recently he was in charge of technical processes, which includes the acquisition, cataloging and processing of books, at the Ramapo-Catskill Library System in Middletown.

## Long Degree Work

LEXINGTON, Va. (AP)—A doctor's degree can mean a lot of travel as well as study and work. Col. James M. Morgan, a professor at Virginia Military Institute, traveled 83,400 miles to get his doctorate in engineering from Johns Hopkins University. He covered the nation in studying means for disposal of atomic wastes.

## Luck Key Role

"Luck plays such a great part in acting," he said. "I was lucky that Burt Lancaster wasn't nominated this year for 'Elmer Gantry,' or he would have won."

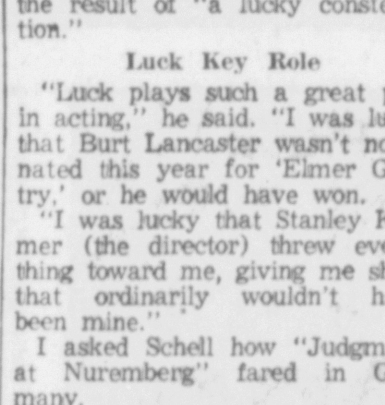

## "I was lucky that Stanley Kramer (the director) threw everything toward me, giving me shots that ordinarily wouldn't have been mine."

## I asked Schell how "Judgment at Nuremberg" fared in Germany.

"Oddly enough, it was the only country in which the picture did not make money," he said. "although I understand it did better business after I received the award."

## "Why didn't it go well in Germany? I suppose because Germans don't like to be told by Americans that they had done wrong. It would be the same reaction in this country if the Germans were to make a movie about Little Rock."

## Dick Powell Is Under Treatment Now for Cancer

HOLLYWOOD (AP)—"I always insist on the truth because there is too much at stake," said actor-producer Dick Powell. Then he calmly told newsmen that he's under treatment for cancer.

The versatile show business veteran was cheerful throughout the discussion of his condition Thursday and said he was confident of making a full recovery.

Alluding to his apparent good health, he asked with a smile: "Do I look like a terminal case?" Powell, 57, and his wife, actress June Allyson, met with newsmen in the couple's Beverly Hills home.

The actor-producer, who heads the highly successful and prolific Four Star Productions, then disclosed that he has been receiving radiation treatments for a malignancy on a gland on the right side of his neck and another in a pocket in his chest.

Powell said he had been hesitant about talking of his illness until "all these rumors got all over town."

"One rumor," he said, "had me having a tremendous heart attack. Now that I know so much about cancer I am more afraid of getting pneumonia."

He explained that he had received six radiation treatments at the UCLA Medical Center and added that the physician in charge, Dr. Justin Stein, "is pleased with my progress and told me he expects to eliminate the condition."

Powell said he'll return to his studio Tuesday to complete six television shows in which he will appear under contract to the NBC network. Next spring he hopes to leave for San Francisco aboard his 63-foot cruiser.

## O'Connell Voted Leader Again in 21 Seconds Time

ALBANY, N. Y. (AP)—In a matter of seconds—21 to be exact—Albany County Democrats Thursday night re-elected Daniel P. O'Connell to his 20th term as county chairman.

About 1,000 persons jammed an auditorium for the brief formality. O'Connell is 76. Last year's county committee election took 22 seconds, the volunteer timers reported.

## GOP Chairman Mum On Conservative Spot

GOWANDA, N. Y. (AP) —

Cattaraugus County Republican Chairman Ralph N. Schaack, who refuses to resign because he signed a Conservative Party election petition, is mum on whether he still wants the Conservatives on the November ballot.

"I would not want to make a comment on that," Schaack said yesterday.

Schaack, who recently unseated William F. Fitzpatrick by a vote of 221-209, said he signed the petition because he felt at the time that the Conservatives should appear on the ballot, and because he was unhappy with the county GOP leadership.

### Institute Slated On Alcoholism Here in November

Final arrangements were made recently for an institute on "Alcoholism—A Community Affair," which will be held on November 1 in Kingston at Benedictine Hospital School of Nursing Auditorium.

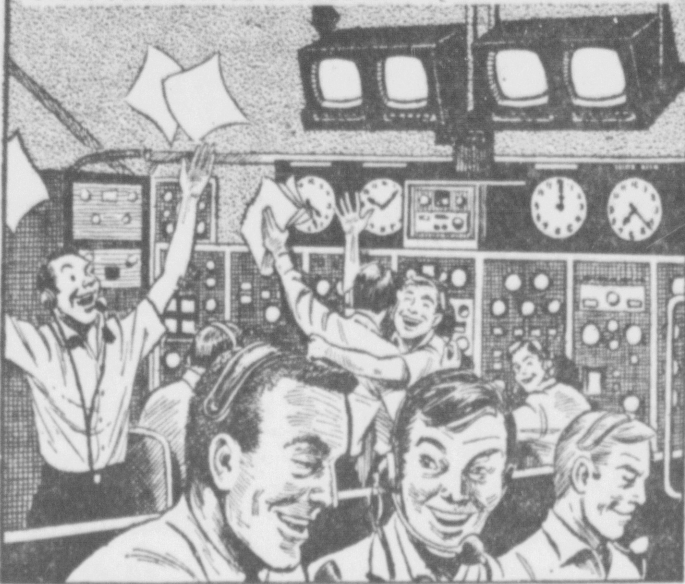

The institute has been designed to aid professionals and informed laymen in knowing more about available therapeutic techniques and facilities for treatment of alcoholism. The institute planning committee has secured as speakers, and as panel members for workshop sessions, professionals from the local, state and national scene. An announcement of the institute program will be made next week.

The institute planning committee consists of John R. Butler, Division of Alcoholism, N. Y. State Department of Hygiene; Mrs. Vincent G. Connelly; Mrs. Frieda H. Dingee, president, and Mrs. Diana M. Geiger, executive secretary, Ulster County Association for Mental Health; the Rev. Roy A. Hassel, Trinity Church and the Rev. C. Pershing Hunter, St. James Church, Kingston; Frederic W. Holcomb, Jr., MD, medical director, IBM, Kingston; Miss Teresa O'Shea; Miss Ednah L. Riley, executive director, Greene County Health Association; Ralph V. Rogers, publicity chairman, UCAMH; Miss Esther A. Schisa, RN, MA, director of Public Health Nursing, Ulster County Health Department; Mrs. Barbara K. Steeves, executive director, Dutchess County Society for Mental Health; Harry M. Thayer, vice president, Ulster County Association for Mental Health.

Details for reservation procedures will be announced later, or may be gotten by contacting the Ulster County Association for Mental Health, 27 East O'Reilly Street.

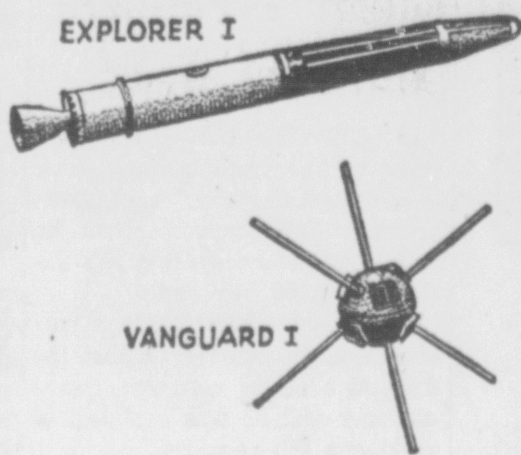

### Sputnik Plus Five

It was on Jan. 31, 1958 that the U.S. finally broke the jinx when a modified Redstone missile called Jupiter-C rocketed Explorer I into orbit. Though it weighed only 18 pounds, the satellite made one of the most important findings of the International Geophysical Year—discovery of the Van Allen radiation belts.

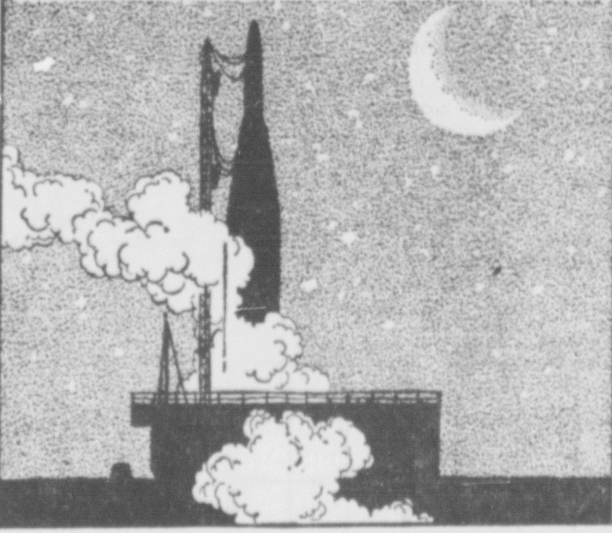

### (5) Explorer Enters the Race

By Don Oakley and Ralph Lane

On March 17, after another failure, Vanguard finally redeemed itself. The tiny 3 1/4-pound ball was placed into the best orbit yet achieved by either the U.S. or Russia and revealed that the earth was slightly pear-shaped. Its lifetime is estimated to be hundreds of years. After nearly five years, it is still transmitting. 50

Except for the heavyweight Sputnik III, the U.S. dominated space in 1958. Two more Explorers were put into orbit. All space research efforts were consolidated under National Aeronautics and Space Administration in October. Three NASA Pioneer lunar probes were unsuccessful. On Dec. 18, an Atlas missile was orbited and broadcast President Eisenhower's goodwill message to the world.

## BABSON ON BUSINESS

By ROGER W. BABSON

### BABSON DISCUSSES WILLS

BABSON PARK, Mass., Sept. 28—It is the personal duty of every adult man and woman to make a will. Most people realize this basically, and yet I am constantly surprised by the number of intelligent folk who "just don't get around to it." Nobody likes to think about death, and still one cannot look at the daily newspapers without realizing how many reach an untimely end through automobile smashups and other hazards of civilization. You may live to a very ripe old age, but you might die tomorrow. Let me tell you why I think it is all-important to protect

your estate by a will, whatever your age.

### Select Your Own Executor

A will gives you the opportunity of choosing in advance a friendly executor rather than having some judge appoint an acquaintance of his with whom you might not be satisfied. If you die intestate and the court has to disburse your estate, it can run up a lot of costs, including the necessity for a bond. Most of these costs can be avoided by making your will and appointing your own executor. Under some circumstances, your executor can give your beneficiaries securities or property at a fair value instead of cash.

Your own executor, also, can use discretionary powers that a court appointee would not possess. He can, for example, decide what property to sell, and follow out the directions in your will as to the disposition of certain articles of clothing, furniture, etc. to definite friends or relatives. He can do the things that you want done in the way that you would do them yourself, without litigation fears. Your estate may be saved thousands of dollars because your executor can be given time through your will to use his best judgment and consult with other people, and thus avoid liquidating your assets hurriedly or during a time of depression.

### Wills Permit Special Provisions

Only through a will can you arrange to leave money in trust so that the bereaved can have the full income for life and then have the principal go to the children or other chosen people. You can, if you wish distribute your property in unequal amounts among your heirs where the need of some may be greater than that of others. It should be clearly recognized, too, that it could take two years or more for a court-appointed executor to settle your affairs, and your heirs might have little or nothing to live on during this period. An executor can be authorized in your will to disburse a certain amount each month to your wife, for instance, pending final settlement. This can be increased if there is illness or unexpected trouble. Changes in your will can be made by you at any time by adding proper codicils which your lawyer will advise you on.

Most people have favorite churches and charities that they intend to remember, but these organizations will receive nothing unless there is a will. Every man and woman should leave something to his or her church,

especially since religion is still the only hope for our unsettled and disturbed world. Practically everything of value that we have—democracy, schools, hospitals, personal freedom—we owe to the work of the church. So don't forget your church in your will.

### Reputable Lawyer Important

I urge you not to try to make your own will to save a few dol-

lars. Find a reputable lawyer, give him a complete list of the gifts you want to make, and designate whom you want for an executor. Any good lawyer (he should be a resident of your state) will be able to put your wishes into clear legal shape. He will tell you to have the will signed by three witnesses who watch you affix your signature; preferably witnesses should not

include those mentioned in the document. He will explain any technicalities to you, particularly as to the laws in your state.

It is a good idea to have at least three carbon copies of your will so that your suggested executor can familiarize himself with your intentions. One can be put in your safe-deposit box for your own personal reference, and one can remain with your lawyer. The original should be left with your bank and a receipt therefor obtained. Even if you have not very much money at this time, you should make a will. It will turn out to be a fine investment for you.

### LetterWriting Week Set 7-13

The 25th annual Letter Writing Week will be celebrated in Kingston during the week of Oct. 7 to 13, it was announced today by Postmaster Oscar V. Newkirk.

Postmaster Newkirk noted that a letter "is the most economical and personal way to extend greetings, communicate social news, and exchange ideas." During Letter Writing Week Postmaster Newkirk suggested

all residents write at least two letters: one to a friend or relative from whom they have not heard in a long time, and the second as a reply to a friend or relative who recently wrote to them. He also urged correspondence to people in other countries as a means of promoting greater understanding among the people of different nations.

## Three Rabbis Are Urging Support Of Israel Bonds

It has been announced by Herman G. Rafalowsky, general chairman of the Kingston Area Israel Bond program, that Rabbi Herbert I. Bloom, of Temple Emanuel, Rabbi H. Z. Rappaport, of Congregation Agudas Achim and Rabbi Jacob Rubenstein, of Congregation Ahavath Israel, have issued a joint statement to the Jewish community, as follows:

"With the advent of the High Holy Day period, we pause to consider the world around us and the fate of our people, at home and abroad. A world in the process of ferment which has placed heavy obligations on the State of Israel to receive a flood of Jews fleeing from insecurity and the threat of persecution.

"The pressure to receive such large numbers of newcomers makes truly urgent Israel's program to conquer the Negev Desert and make it a habitable place for its new citizens. It is this situation that makes it imperative for the Jewish community of Kingston to give its maximum support to the Israel Bond campaign in this High Holy Day Season.

"The people of Israel look to us to lend them the funds to carry on the notable economic progress made possible during the past decade by the Israel Bond Investment Program.

"The fact that the year 5723 will witness the redemption of the first Israel Bonds represents welcome, fruitful results of our efforts in the partnership with our fellow-Jews in Israel.

"We urge the members of the Jewish community of Kingston to participate fully in the current Israel Bond Program as a vital necessity for Israel and we extend our Best Wishes on the New Year to all members of the community."

### Lard Does It

TUBAC, Ariz. (AP)—Frank Eldridge, 60-year-old gardener, was running to catch a bus when his leg slipped between the rails of a cattle guard.

Friends pulled, pushed and pried, but the leg remained stuck.

Sheriff's Deputy Abe Trujillo arrived with a can of lard. He applied it liberally, worked the leg up and down a few times, then pulled it free.

## More Shows Make TV Debut During Next Seven Days

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—Network television continues its hectic schedule of program premieres during the next seven days, with at least one debut a night and more often three, plus a large quota of programs resuming with new episodes.

Chronologically, highlights of the busy viewing period stack up like this:

"I'm Dickens...He's Fenster," a slapstick series about a pair of accident-prone carpenters, moves onto the ABC schedule tonight (9:30-10 p.m.). In addition ABC's "Close-up" series resumes with a feature on Russian education (7:30-8:30) in a new time period, as does NBC's "Sing Along with Mitch" (8:30-9:30).

**Gleason Returns**

Jackie Gleason returns to his old spot on CBS Saturday (7:30-8:30 p.m.) with all his old characterizations and some new comedy, a premier that unfortunately runs head-on into ABC's new Roy Rogers-Dale Evans country-style comedy and music hour. There is also the debut of "Mr. Smith Goes to Washington" on ABC (8:30-9), a series adapted from the old James Stewart movie with Fess Parker playing the freshman senator.

Sunday marks the start of Jack Webb's new action-adventure anthology series, adapted from real-life incidents, on CBS (9:30-10 p.m.). The old "Voice of Firestone" returns to ABC (10-10:30). "The Lucy Show," on CBS is the big item on Monday night (8:30-9) with Lucille Ball and Vivian Vance starting new comedy careers as a widow and a divorcee. There is also ABC's contender in the rodeo-rider sweepstakes, "Stoney Burke," (9-10). And Johnny Carson moves into NBC's "Tonight Show" as permanent host (11:35-1 a.m.). Merv Griffin also begins his new daytime show on NBC (2-2:55 p.m.). Returning shows include "The Rifleman," "Ben Casey," "The Danny Thomas Show," "The Andy Griffith Show" and "David Brinkley's Journal."

**Other Wait on Wings**

"Combat," one of ABC's two World War II series about fighting men, makes its bow Tuesday (7:30-8:30). Troy Donahue becomes a regular on ABC's old "Hawaiian Eye" and "Chet Huntley Reporting" returns to NBC. Wednesday will be bursting with new material: "Going My Way," starring Gene Kelly, premieres on ABC (8:30-9:30 p.m.) followed by "Our Man Higgins," with Stanley Holloway playing an

English butler in an American household (9:30-10). NBC's series about a psychiatrist, "The 11th Hour" has its premiere (10-11). In addition, Perry Como starts his new NBC season of shows.

On Thursday, James Stewart will star in a baseball story on ABC's "Premier" program (10-11 p.m.).

## State Will Help Persons Forced Out by Projects

ALBANY, N.Y. (AP)—Gov. Rockefeller promises to provide state help in seeking new homes for families displaced by state construction projects.

Under a new program, announced by the governor's office Thursday, the state will provide personal assistance to persons forced to move.

The governor said a "relocation advisory assistance unit" had been established in each of the 10 district offices of the State Public Works Department.

The units will keep lists of houses for rent or sale and lists of "reputable" real estate companies, the governor's office said. Rockefeller said in a statement that state assistance for the displaced was essential, especially as the state highway program focuses increasingly on work in heavily populated areas.

Under recent legislation, the state pays up to \$300 of the cost of moving expenses for persons displaced by state construction.

### Killed on Birthday

ANGOLA, N.Y. (AP)—A man died on his 24th birthday Thursday night when his automobile crashed into a utility pole near his home in this Erie County community.

He was Lawrence Smith of Old Lake Shore and Wilson roads.

## Starts Own Business

WALTER LANG

The Walter Lang Oil Company is now operating in Kingston area under a business certificate filed in the office of the county clerk.

A U. S. Navy veteran of the South Pacific in World War II, having served aboard the USS Drayton, Walter Lang has been associated with the oil business locally for the past 17 years.

The Langs, his wife is the former Theresa Naccarato, live at 43 Grand View Avenue with their three children.

### Still Learning at 93

ATOKA, Okla. (AP)—At 93, John Mason has bought a new set of an encyclopedia to increase his knowledge.

## Mother Ordered To Matteawan in Daughter's Death

BUFFALO, N.Y. (AP)—Mrs. Mary Schwartzfigure, who allegedly confined her five-year-old daughter at home and tied her hands at night before the girl died of malnutrition, has been ordered committed to Matteawan State Hospital for the criminally insane.

Erie County Judge Frederick M. Marshall issued the order Thursday. Mrs. Schwartzfigure's husband, Joseph, 37, is in jail awaiting trial on a second-degree manslaughter charge in the death of their daughter, Deborah, last July. The girl weighed 21 pounds when she died.

## DA Sick of Case So Gambler Is Free Man Again

SYRACUSE, N.Y. (AP)—Convicted gambler Nicholas Rowe is free today of a 16-month-old indictment dismissed at the request of the Dist. Atty. Joseph A. Ryan, who said he was "sick" of the case "cluttering up my calendar."

Judge Leo W. Breed of Onondaga County Court dismissed the case Thursday against Rowe, who had been accused of receiving \$5,000 to provide police protection for others allegedly engaged in gambling and prostitution.

Rowe's lawyers had insisted their client was too ill to stand trial. Rowe had been living in Utica recently. Ryan requested dismissal, he said, because "the people have exhausted all avenues to bring this man to trial."

### Cub Scout Pack 4

Cub Scout Pack 4 held its September meeting at the Fair Street Reformed Church with Cubmaster John F. Burns III, presiding.

Two new members were introduced to the group—Robert Norton and Fred Schussler. Mrs. Paul Stevenson was unanimously elected treasurer.

The following awards were presented: Gold and silver arrow on a Wolf Badge to Cub Scout John Hollibough and gold and silver arrow on Wolf Badge to Cub Scout James McElrath, both boys from Den 1, Brenda Hoffer, den mother.

The theme for November will be Buckskin Pioneers. The planning committee for that month will be the mothers of Den 1.

The following meetings were announced: The next roundtable will be at St. Mary's School Oct. 15 at 7:45. The next committee meeting will be held at William Boyle's home, 15 Washington Avenue, Oct. 18 at 8:30. The next Pack meeting will be Oct. 22 at Fair Street Reformed Church at 7 p.m.

Rowe's name entered into the suspension last January of Deputy Police Chief Bernard Nelson. Nelson resigned April 16, a day before he was to go on departmental trial on charges of improper association.

### Hunt Continues For Dutchess Jail Escapee in Area

Authorities throughout the Hudson Valley today continued search for Anthony Santos Jr., 22, a Middletown roofer, charged with a market burglary, who escaped from a second time this summer from the Dutchess County jail at Poughkeepsie on Wednesday.

As the result of investigation of the prisoner's escape, Sheriff Lawrence M. Quinlan has suspended three young jail guards pending outcome of the inquiry.

Victor Lioy, 22, of Fishkill, was suspended immediately after Santos ripped a padlock from a basement door and made a getaway, Wednesday night. Later, the sheriff suspended Raymond O'Connell, 4 College Avenue, Poughkeepsie, and Jared Guilfoil, Hyde Park. Both are 23.

O'Connell had been a guard since July 23. Guilfoil was appointed a guard on Aug. 1.

Quinlan noted that the suspension of Guilfoil and O'Connell had no definite connection with the prisoner's escape. The sheriff told The Freeman that both youths were relieved of their duties because of laxity in allowing prisoners to leave their cells in violation of strict rules set up by the sheriff.

Quinlan stated that Santos was wearing jail clothes, blue denim, when he disappeared, but today he might be attired in other trappings, a shirt and jacket reported stolen in a burglary at a New Windsor laundry last night.

The sheriff said it is possible Santos has fled to some distant point. He recalled that at the time Santos surrendered to authorities after a May 17 escape from the jail at Poughkeepsie, the prisoner told cellmates that if he ever gained his freedom either through the courts or by means of escape, he would never return to Middletown.

Meanwhile, authorities pressed search for an automobile stolen from the Wiltwyck School for Boys at Esopus. The car belongs to Charles Watson, an employee at the school, who told troopers the vehicle was taken from the school yard sometime after 11 p. m. Wednesday.

Sheriff Quinlan said he is conducting a full investigation of the prisoner's escape. "If we find any evidence of negligence on the part of jail guards to the extent that Santos was allowed to escape, grand jury action will be requested," the sheriff said.

### Inspector Leaving

Board of Fire Underwriters, and J. H. Haulenbeck, Central Hudson Gas and Electric Corporation.

Speakers for the event will include R. B. Tallier, project engineer, Central Hudson Gas and Electric Corporation, as toastmaster; Carleton E. Schaad, state superintendent of New York Board of Fire Underwriters; Herbert Myers, representing local contractors and a representative of the Kingston City Electrical Board will also participate.

Dinner reservations may be made by contacting any member of the local committee.

### New Equipment

complained that when they turn the faucets in their homes they don't know what color the water will be until it pours from the faucet. Some residents said the water appears in rainbow colors. Others complained that the color of the water at times is yellow, deep purple, pink and brown.

One resident complained he was tired of having to drink greenish-black coffee for breakfast.

### Compromise Choice

BUENOS AIRES (AP) — A retired army colonel, Carlos Alberto Muscio, will be sworn in tonight as chief of Argentina's federal police, a compromise choice in the civilian-military quarrel over police control.

### Quiz Boy on Stolen Car

Local police apprehended a 15-year-old boy shortly after a report at 8:47 Thursday that the car of Joseph Yack, of 98 Elmendorf Street, had been stolen from near Otto's store, 650 Broadway. The car was reported recovered on Broadway near West O'Reilly Street, and police said the boy was released in the custody of his parents after statements were taken at police headquarters. The car was spotted on central Broadway by Officers Wilmont Hall and Frank Stip and its owner.

### County to Share

that the county would bear its share of the cost.

Attending the meeting was Chairman Robert Teetsel and four members of his committee, Supervisor Alexander J. Banyo of Town of Ulster and members of his town board together with Supervisors Jesse McHugh, (R), Shawangunk; Robert F. Phinney (R), 11th Ward, Kingston; Peter Williams, (R), Saugerties; John L. Lucci (D), 5th Ward and A. Richard Terwilliger (R), Town of Rochester. There were several persons present from the Town of Ulster.

Supervisor Banyo opened the meeting and with Chairman of the Citizens Temporary Bridge Committee Robert Teetsel, presided.

### No Word on Opening

There was no final word as to when vehicular traffic would use the bridge or whether the bridge would be restricted to either out of the city or in the city or whether there would be staggered hours in which traffic would flow in alternate directions during certain hours.

Members of the Citizens Temporary Bridge Committee, which has been pressing for a two-way traffic bridge, will still press their case, Teetsel said today. Agreement by the city and county to maintain and regulate traffic over the structure is only one step toward the objective of the committee, Teetsel said.

There is no assurance that the city and county will continue to share the cost of maintaining traffic over the temporary bridge until such time as a new permanent bridge is built, Teetsel said.

### To Press for Second

The committee, lacking in any assurance that two-way traffic will be maintained over the temporary bridge once it is opened to traffic, intends to press if necessary for a second single lane bridge over the creek if any plan for restricting traffic to one-way is invoked, Teetsel said. He called any plan to stagger traffic at different hours, or to limit use of the bridge either to incoming or outgoing traffic, "wholly unsatisfactory."

Should traffic be restricted to either incoming or outgoing as has been suggested, Teetsel said the committee would insist that at least a trial period of a week be given to two-way traffic to ascertain its feasibility.

### Points to Petitions

Teetsel said signatures of some 3,000 persons attached to petitions was an indication that the people of the area want two-way traffic maintained throughout the 24-hour period and the committee would continue to press toward that objective.

"If the present single span bridge proves inadequate to carry two-way traffic, we will seek the placing of a second similar span," he said. Members of the committee will insist that if one-way traffic is authorized over the single span, they will seek to have a trial period to ascertain the possibility of two-way use of the structure and if that fails they will press for the second temporary bridge span so as to have traffic flow both ways.

The next meeting of this committee will be Monday at 7:30 at the Barn.

### Negotiations Set

BANGKOK, Thailand (AP) — Negotiations between pro-Western Thailand and the United States for construction of a powerful transmitter in northern Thailand to penetrate Red China are expected to start next week, a U.S. Embassy spokesman said today.

### Chairman Breaks With Demo Party On Oxford Stand

GULFPORT, Miss. (AP)—Mississippi's state Democratic chairman, Bidwell Adam of Gulfport, told a cheering crowd he is through with the National Democratic Party because of its stand in the University of Mississippi desegregation case.

"The National Democratic Party will have to get somebody else to carry their banner," Adam told a meeting of Harrison County Democrats at the courthouse Thursday night.

### Memphis Gets

Army Engineers also were being dispatched there.

Use of federal troops to override state authorities would require a proclamation from President Kennedy.

### Barnett Due in Court

On another front in the tense struggle between state and federal governments, a federal appeals court contempt hearing for Mississippi Gov. Ross Barnett, 64, was scheduled today in New Orleans.

Atty. Gen. Robert F. Kennedy dramatically halted Meredith's fourth attempt to become the first Negro knowingly admitted to the university, saying he feared "major violence and bloodshed for the citizens of Mississippi" would result if U.S. marshals and Meredith appeared on the campus.

U.S. Gov. Paul B. Johnson of Mississippi agreed. An Atlanta television station WSB-TV, quoted Johnson as saying in an interview Thursday night that "if the state troopers hadn't been at Ole Miss that Negro wouldn't have lasted as long as it takes to aim a shotgun."

Johnson estimated a crowd of 5,000 to 8,000 were gathered at the university in anticipation of another appearance by Meredith and told WSB-TV: "You couldn't have turned them back with a regiment of men. A lot of lives were saved by their (federal marshals) not coming."

Kennedy halted Meredith's party, late Thursday as the Korean War veteran was driving here with federal marshals.

A helmeted and club-carrying army of Mississippi peace officers waited at Ole Miss as Kennedy conferred in Washington with an Army general. Meredith's lawyers in New Orleans said they had advised him "to make no further efforts to enter the campus until after the insurrection there has been put down by the executive branch of the government."

### Doubt Appearance

Kennedy conferred by telephone with his brother, President Kennedy, for at least 10 minutes Thursday night on the Meredith case. The President was in Wheeling, W.Va., to address a political rally.

Sources close to Barnett said the governor—who has vowed to go to jail rather than integrate Ole Miss—would not appear in court at New Orleans at the hearing.

The 5th U.S. Circuit Court of Appeals will hear the Justice Department's request that Barnett be cited for civil contempt for defying edicts not to interfere with Meredith's admission.

A source close to the court said Barnett could be tried in absentia if he does not appear, since it is a civil, rather than criminal matter.

### Could Issue Warrant

The judges could issue a bench warrant for Barnett's arrest if he does not appear. Lt. Gov. Johnson, who personally blocked one of Meredith's attempts to register has been directed to appear before the same court Saturday to face contempt charges.

Meredith's lawyers said he would appear at the contempt hearing. They refused to speculate if he would testify.

In Washington, the assistant presidential press secretary, Andrew Hatcher, said President Kennedy had discussed possible Justice Department action over the next 24 hours in his telephone conversation with the attorney general.

Atty. Gen. Kennedy would not say when a new attempt would be made to register Meredith. In New Orleans, chief counsel of the National Association for the Advancement of Colored People, Jack Greenberg, said Meredith would not go to Oxford today.

The attorney general met earlier with Maj. Gen. Creighton Abrams Jr., director of operations for the Army's deputy chief of staff for operations. Informal sources hinted the talk involved arrangements to move troops into Mississippi if such a course of action is taken.

With many imperfections, Justice Department officials declined to guess what might happen.

1,500 Troops Possible One Washington source speculated 1,500 troops would be used if the decision to use soldiers is made.

At Gulfport, Miss., Bill Simpson—a close associate of Barnett—said there were about 4,000 men available for the governor's use in defying federal authorities. Simpson's brother, Jim Simpson who is also a political ally of the governor, said Highway Patrol Director T. B. Birdson has issued a directive that any means necessary must be used to protect Barnett and prevent his arrest.

Both Simpsons said Barnett hoped to avoid violence but had no intention of backing down.

### Financial and Commercial

NEW YORK (AP) — The stock market was uneven in moderate early trading today, with many stocks unchanged and some of the "growth" issues making modest recoveries.

Changes of most key stocks were fractional, some going to around a point.

Steels and motors showed very little change.

Prices were irregular on the American Stock Exchange. Corporate bonds were mixed.

### New Ottawa ...

have called the nation's financial and economic crisis.

Among the stipulated objectives were:

A balanced federal budget. Canada has had five consecutive years of deficit spending. The message said a program of economies in government expenditures will be presented to Parliament.

"Positive constructive measures to strengthen Canada's balance of international payments." For nine years, there has been an imbalance. Last summer, the government borrowed \$650 million to bolster foreign exchange reserves.

"A climate in Canada hospitable to foreign investment." The speech pointed out that Canadian development needs imports of capital. The American investment alone is officially estimated at \$18 billion.

A national economic development board to review the economy and to "recommend particularly projects or measures which it considers would be in the interest of national development."

The combined votes of the three opposition parties are enough to destroy Diefenbaker's regime on a motion of confidence.

They held a total of 148 seats in Parliament, as against 116 for Diefenbaker's Conservatives. A majority of 133 would unseat the government, necessitating a new general election.

Pearson has said he would move a vote of no confidence in his opening speech in Parliament Monday.

### Money for Deformed

BONN, Germany (AP) — The West German government will provide 3,600,000 marks (\$900,000) for artificial limbs and hospital care of children born deformed because of the drug thalidomide.

### Auto Toll, 4,060; Peak for August

CHICAGO (AP)—Motor vehicle accidents killed 4,060 persons in the United States during August, the National Safety Council reports. The toll was a record for August.

The council, in its report Thursday, said in the first eight months of this year, 25,910 persons were killed in auto accidents—another record high.

### Kennedy Works Up

them so much, too. It was in West Virginia that he won a vital presidential primary victory over Sen. Hubert H. Humphrey, D-Minn.

"This is the place where the Democratic victory of 1960 had its start," Kennedy said, "and I assure you tonight that it will also be the starting place for the Democratic victory of 1962."

Kennedy avoided mention of former President Dwight D. Eisenhower by name. But with all-most a snarl, he said the national government in the 1950s had left West Virginia "on the beach, to decline and rot."

West Virginia, which has been in economic straits, is on the way to its best year ever, Kennedy said. He claimed for his administration a goodly share of the credit, citing defense contracts, public works, highway funds, loans and grants.

Generally, he labeled Republicans in Congress as defeatists—Democrats as progressives.

Kennedy carries his attack the weekend of Oct. 5-7 into Covington, Ky.; Cincinnati; Detroit, Flint and Muskegon, Mich.; Minneapolis, St. Paul and St. Cloud, Minn.

He'll be on the trail every weekend and sometimes during the week until election day.

### SUCCESSFUL INVESTING...

**With Retirement Ahead, Couple Is in Good Shape**

Q: "Can you help me? I would like to retire in a few years. Our home is paid for, we have rental property paying \$200 a month, \$8,000 in savings and these stocks: Dixilyn Corp.; Talcott; Transcontinental Gas Pipe Line; Fargo Oil; Graniteville Corp.; Texas Pacific Coal & Oil. Is there any hope for me, and do you have any advice?" B.C.

A: I am glad to report that there is a great deal of hope for you—more than for most people who are approaching retirement. You have a splendid balance between rental property, savings accounts and stocks. Most of the latter are of good quality and I would suggest only two changes.

I can see little future for Dixilyn, which has been in the red for some time. Fargo is one of the better managed of the Canadian land-play situations, but I can see nothing much developing here for years to come.

I would sell both and put the proceeds into General Motors.

Q: "Will you explain the selling procedures of small amounts of New York Stock Exchange shares. I own from 5 to 25 shares in different companies. Must I wait for another buyer who may want these amounts of shares?" R.G.

A: No indeed. The Exchange has a special procedure for handling under-100 lots of stocks, which are called odd lots.

Odd lot purchases and sales—with some minor exceptions—are given to odd-lot dealers who make a business of handling only smaller-sized transactions. The odd-lot dealer buys or sells for his own account, at the round-lot price plus or minus a fee for his services. This fee amounts to 12 1/2 cents a share on stocks selling under \$40 and 25 cents a share on stocks selling at 40 or above. This, of course, is in addition to the regular Stock Exchange commission which your broker will charge you.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column.

## SHOKAN NEWS

**SHOKAN**—Mr. and Mrs. Elmer Osterhoudt of Flatbush who formerly made their home in Columbia Park, were weekend callers in the village center.

Also here recently were Ben and Claire Woloson of Cairo, Greene County. The Wolosons plan to move to Florida later in the year.

Well drillers, of whom there are now several in the Towns of Hurley and Woodstock, have had a field day in the Ashokan country the past two months of the long drought. Wells on the Walkestein, Capuzzo and DuBois properties were among those drilled in the twin villages. There are no reports of deep wells having failed here thus far in the year.

Mr. and Mrs. Michael Markus who some 10 years ago owned and occupied the Lasher house

on the corner of Route 28 and Ashokan Mountain Road, called on local friends recently. The couple now reside at Matamoras, Pa.

Patricia Maier is a new student at Hartwick College, Oneonta.

Frank Finn of Whitestone was a caller at the local museum Saturday.

Old School Baptists from this county who attended the yearly Two Days Meeting of the sect at the Halcottville Church were guests of Mr. and Mrs. James Peet.

George Gruenwald of Los Angeles has been visiting his relatives, Mr. and Mrs. Edmund Gille, at their home in the Laplace house, Ashokan.

Mr. and Mrs. John Walsh, West New York, N. J., were here in the course of a two day's visit in Town of Shandaken.

Gregor Grant having enlisted in the Army Reserves, left for Fort Dix, N. J., recently.

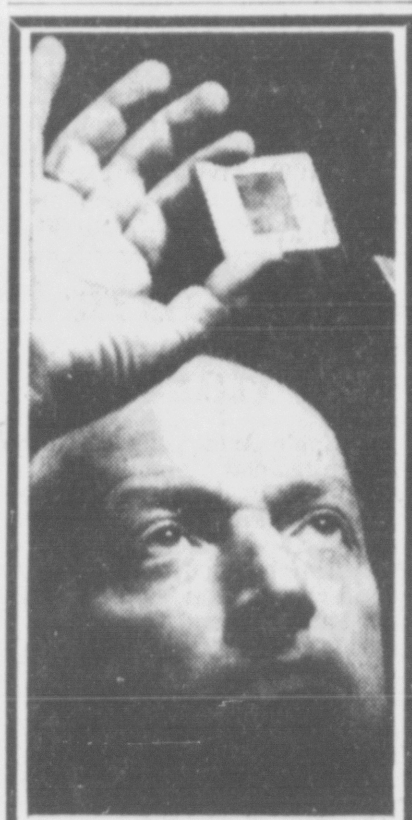

Vera Kimsche of New York and Woodstock was in town Sunday.

Wittenberg residents calling in the hub of the reservoir country last week included Mrs. Maurice Lane, formerly Phyllis Morrell of Woodstock, and Mrs. Earl Kellerhouse.

Mr. and Mrs. Paul Church and two children, Hayworth, N. J., are now residents of the Boiceville Hill Road. They are located on the old Scholz place near Chalet Indian.

## Do You Remember by Sophie Miller

Recently I had a request for information on the De Groff family of Esopus. I found a Bernard De Groff and Alexander De Groff living in Esopus in 1907. There was a J. V. De Groff in Esopus in 1871-2 who was an agent. In Tom Walsh's Kingston City Directory of 1872-3 there was a W. H. De Groff who lived at Pierpont Street near Wurts Street and was connected with the D & H Canal Co. There are many more De Groff listings.

The complete listings of streets are given in the 1872-3 Kingston City Directory given me by Tom Walsh, book collector of Hudson River and Catskill Mountain items. Here are some of the listings: "Big Fly Road, from Linderman Avenue, to the town line, Cedar, from Union Avenue to the Plank Road, Columbus Avenue, the continuation of Garden Street to Columbus Point Avenue, from Union Avenue, to Kingston Point, Cortis, from Columbus Point Avenue, to the Beach, Division from Ferry to Holmes Street. (Division is now Broadway, and Holmes is McEntee Street.)

Then there is Dock Street, from Lackawana to Ravine Street, East Ravine from Abel to Holmes, Esther Avenue, from Albany Avenue, to the town line, Flat Rock Road, from Pearl to Linderman Avenue, Frog Alley, from North Front to Esopus Creek, Jane, from Columbus Avenue, to Livingston, Joy's Lane, from Lucas Turnpike to Bridge, Kingston from Mill to Kingston Point, Lord, from Wurts to Hone, Love Lane, from Wall to Marius, Pell's Road, from Pearl to Big Fly Road. These street names and more were all part of the city of Kingston of 1872-3. The change of a street's name confuses generations, so it seems to me.

Some 90 years have passed since the city charter was put in force for our new City of Kingston, March 19, 1872. The first mayor

was James G. Lindsley, the city treasurer was Grove Webster. The Kingston City Directory of 1872-3 had some 200 pages of residents and advertisements. It certainly was a full fledged city on the Hudson River.

I wonder how many have seen pictures and read descriptions of the fashions of those early 1870's as described in Frank Leslie's Lady's Magazine or the Godey Fashion books. Van Dyke Basten gave me some magazines of that era. At the time Kingston had one dressmaker listed: Mrs. J. E. Cadwell, at East Front near St. James Street. There were three fancy goods stores and some 10 dry goods stores. I mention this because it must have been good fashions.

I see a "walking costume of slate-gray silk poplin." They usually say, "the skirt is of a convenient walking length, intended to just escape the ground."

The quality of material required is 27 yards of poplin and nine yards of lace." That is some 81 feet of material, and who had an establishment large enough to handle so much material. That is more footage than one has across one's yard nowadays.

I am only mentioning one style, but they were trimmed with yards and yards of ribbons and laces, and dozens of buttons, garland of roses, and that was only the outside skirt. They had more skirts and drapes than curtains at a theatre. I am just wondering who could afford such dresses in Kingston, at the infancy stage they received in those days. Much of the material and trimmings was imported. If only the children of Kingston today, could see how the children of the 1870's dressed in town. Although I must say the shoes of the 1870's seem to resemble the slippers of today. The points and the heels.

## Syracuse Poses First Major Threat for "Chinese Bandits"

Army makes its first of two appearances in New York City this season when the Cadets play Syracuse at the Polo Grounds on Saturday.

The traditional pre-game parade of the U. S. Corps of Cadets will begin at 12:30. Kickoff time is 1:30 p. m.

Fresh from an impressive opening day victory over Wake Forest (40-14) the Cadets will be attempting to duplicate the upset win over the Big Orange at Yankee Stadium in 1960. Given little if any chance for victory, the Cadets surprised the star-studded Syracuse team 9 to 6.

Syracuse was defeated by Oklahoma (7-3) after leading the Sooners most of the way at Norman last weekend. While Army is once again the under-

dog, the Cadets are conceded at least as good, and possibly a better chance, against Syracuse than they were going into the previous game.

Coach Ben Schwartzwalder's forces figure to overpower the Cadets physically. The veteran coach has a host of big, able backs. Most prominent of these are soph fullback Jim Nance, a 235-pounder, who is rated by Schwartzwalder as one of the finest ever to play for the Orange; Gus Giardi, a 170-pound halfback and Bill Schoonover, a 200-pound junior halfback.

**Orange Is Bigger**  
The three-unit system introduced at West Point for the first time last Saturday by Coach Paul Dietzel supports the optimism in the Army camp.

While Army is smaller physically, thinner in reserved experience, and possibly slower in team speed, the Cadets expect to be able to apply full pressure for 60 minutes by liberal use of the platoons. This comprises the main hope of the Cadets to offset Syracuse's superiority of forces.

Biggest problem confronting Dietzel appears to be an imbalance of experience throughout the three platoons. Against Wake Forest some 18 Cadets were seeing varsity action for the first time.

"This certainly was a factor," Dietzel explained, "in the mental lapses of the Chinese Bandits in the third period." During this session, the Deacons virtually picked the Army pass defense apart.

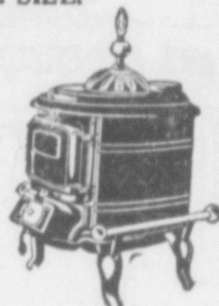

The probable lineups:

Hawkins	LT
Schillo	LG
Grasfeder	C

## SF Blows Another Big Chance

By JIM HACKLEMAN

Associated Press Sports Writer

This National League pennant marathon is taking on the look of a race between two tired turtles going uphill.

But if they aren't moving very fast, at least the finish line is in sight.

For all their speed and verve, Los Angeles' pace-setting Dodgers have been backing up. And with a big burst of drive and determination, San Francisco's second-place Giants have been standing still.

The pestiferous Houston Colts applied the latest stopper to the Dodgers with a rallying 8-6 victory Thursday night at Los Angeles. A few hours before, the St. Louis Cardinals broke in front with a commanding lead and held on for a 7-4 decision at San Francisco.

That left the Dodgers still two games in front of the Giants and the magic number at two—meaning any combination of Dodger wins and/or Giant losses totaling two in the remaining three games gives Los Angeles the flag. The two contenders now change partners, with the Cards moving into Los Angeles for the final three games of the season and the Colts going to San Francisco for the windup weekend.

**Musial on Rampage**

Gene Oliver and Stan Musial spearheaded the Cards' against the Giants. Oliver warmed up with a double, then smacked a three-run homer that stood up as the clincher, while Musial collected five singles in five tries.

In the NL's only other game, Dennis Benne fired a five-hitter as the sizzling Philadelphia Phils won for the 19th time in their last 24 games, 7-0 over Chicago.

The American League resumes competition today after taking Thursday off. Right-hander Early Wynn of the Chicago White Sox, going in for his 300th career victory, faces the champion Yankees at New York tonight; Los Angeles is at Cleveland for a two-night doubleheader; and Baltimore is at Minnesota and Kansas City at Detroit for day games. Washington and Boston are idle.

Even in defeat the Dodgers were heartened by the work of Sandy Koufax, their left-handed strikeout specialist who is just rounding into form after a two-month layoff due to circulation trouble in the index finger of his pitching hand. He went five innings before he tired, set down the first 11 Colts in order, struck out four and allowed three hits.

**Reliefers Fail**

But the Dodgers' relief corps failed badly. The Colts hopped on Ed Roebuck and Larry Sherry for four hits and their four runs in the sixth, taking a 6-4 lead, and after Los Angeles rallied for a tie in the bottom of the inning, Houston scrambled ahead again in the seventh against Ron Perranoski.

Umbrecht took over with the bases filled and none out in the sixth and wound up with his fourth victory in as many decisions.

The Cardinals lost little time taking charge against the Giants, rapping lefty Billy O'Dell for two runs in the first inning. Oliver's double plus rookie right-hander Ray Washburn's single gave St. Louis another run in the fourth, then came the Cards' big fifth climaxed by Oliver's big hit.

Washburn now is 12-9 while O'Dell, looking for his 20th victory, lost his 14th.

Wrigley Field's smallest crowd of the year, 617, watched Bennett 22, deal the Cubs their 102nd loss and 14th shutout this season. Bennett struck out six and walked three. Tony Taylor and Roy Sievers collected three hits each for the Phillies and Clay Dalrymple homered.

**On and On**

NEW HAVEN, Conn. (NEA)—The tallest winning streak in the history of inter-collegiate football—83 victories in 83 games through 87 years—tests fate again Sept. 29 when Yale opens its season against Connecticut.

No intra-state rival has been able to win or tie the Bulldogs, although in recent editions Connecticut has come within a chin whisker. In addition to 13 straight wins from Connecticut, Yale has defeated Wesleyan 46 times, repelled Trinity on 18 occasions, turned back the Coast Guard Academy four times and taken one game each from Loomis Institute and the New Haven Naval Base.

## Craig Smith's 715 New ICL Record

Craig Smith of Schoentag's Hotel fired a 715 series to pace a record shattering session of the Invitational Classic Thursday night at the Bowlerama.

**Tougher Tiger Is Campbell's First Objective**  
By JERRY GREEN  
DETROIT (AP)—Jim Campbell, young and aggressive, jumped into his new job as the Detroit Tigers' general manager by making no pennant promises.

Improvement of a fifth-place team that had been expected to challenge the New York Yankees for the 1962 American League championship is the first step, Campbell said. A future pennant is the Tigers' ultimate goal.

"I feel a team can't say it had a successful season unless it wins the pennant," Campbell said after his promotion Thursday. "A team can make progress. But the only successful club this year was the Yankees—and they won it."

Campbell, 38, assumed the general manager's duties performed the last two seasons by Vice President Rick Ferrell. Campbell has been a club vice president himself since 1959 and was placed in charge of the Tigers' minor league operations in 1960. Ferrell was retained in a new capacity as player evaluator.

"I realize we have to make changes and we're going to make changes," said Campbell, who last played baseball as an outfielder at Ohio State, in the 1940s.

"We're going to make changes, but we're going to do it in an orderly fashion," he said.

NEW HAVEN, Conn. (NEA)—A news service complained that colleges have failed to be specific regarding football injuries.

So, Charley Loftus, Yale's director of sports information reports:

"Pete Cummings, fullback, has a contusion of the left anterior superior spine of the crest of the ilium. Guard Stan Riveles has a subluxation of the distal head of the right ulnar. Tackle Mark Horlings has a strain of the semi-tendonosis muscles of the right thigh at the insertion of the ischium."

## Shift of Number Eases Tension at Vol Fire Office

ALBANY, N.Y. (AP)—The New York Telephone Co., by switching a number, has eased the tension for a suburban fire company whose emergency line was ringing with calls for airline reservations.

The Shaker Road-Loudonville Volunteer Fire Department had complained that its emergency telephone was ringing frequently with inquiries intended for American Airlines. But the department wanted to keep its number after years of educating the public to remember it.

The phone company changed the airline number, which was a new one not listed in the directory.

The difficulty arose when many persons who received the airline number from information would then dial the letter O instead of the numeral zero in the number.

## States Rights Handy, Reckless

### Gov. Barnett Joins Long List in Court Defiance

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—Mississippi's Gov. Ross R. Barnett is just a Johnny-come-lately in waging the state rights' flag to defy the federal government and the Supreme Court.

Other states and their leaders have done the same, almost from the beginning of both the government and the court. State rights are an important part of the American system of government. But the state rights' slogan has often been a handy, sometimes reckless, excuse to have things both ways: To boost the union when it's convenient and to defy the union when that's convenient.

**Defiance of High Court**  
Fortunately most of the time—except during the Civil War—when one state tried defiance under the state rights' blanket, others wouldn't. So there wasn't much ganging up.

Barnett is doing the defying now in Mississippi by refusing to let a 29-year-old Negro veteran of the Korean War, James H. Meredith, register at the all-white University of Mississippi.

This defiance is immediately against a lower federal court which ordered Mississippi authorities to let Meredith in the school. But basically it is a defiance of the Supreme Court's ban on racial segregation in public schools. To show how the state rights' cry has often been used as a political gimmick, American historians Samuel Eliot Morison and Henry Steele Commager, in their "Growth of The American Republic," said:

"Almost every man in public life between 1798 and 1860 spurned it when his section was in the saddle and embraced it when his constituents deemed themselves oppressed."

"Almost every state in turn declared its own absolute sovereignty, only to denounce as treasonable similar declarations by other states."

**Miss. Is Prime Example**  
And Charles Beard, in his "Rise of American Civilization," said: "From the foundations of the republic all factions were for high nationalism or low provincialism upon occasion, according to their desires at the moment."

Mississippi is a prime example. South Carolina, when it felt it was hurting in the 1920s from a tariff act passed by Congress, declared the doctrine of "nullification." This meant it decided it had the right to declare any act of Congress unconstitutional and refuse to abide by it.

So it threatened to jail any U.S. officials who tried to collect tariff duties in South Carolina. Virginia, Alabama and Georgia wanted no part of this. And Thursday night Atty. Gen. Robert F. Kennedy quoted the Mississippi State Legislature at the time as passing this resolution:

"This state owes a duty to the union above all minor considerations. The doctrine of nullification is contrary to the letter and spirit of the Constitution."

Now, in effect, Mississippi has adopted the doctrine of nullification.

South Carolina finally nullified its nullification when Congress, while authorizing President Jackson to use the Army and Navy if he had to, nullified South Carolina by amending the tariff act a bit.

**Right From Beginning**  
The Supreme Court was defied almost from the moment the justices sat down. In 1793 Georgia, which wouldn't go along with South Carolina on the state rights' bit in the 1820s, challenged the right of the court to consider a suit against a state. Its House of Representatives passed a resolution that any U.S. marshal trying to execute a court order in such a suit should be hanged without benefit of clergy.

(Note: The Confederate States did not set up a supreme court. Their Senate complained about the "monstrous despotism" of the U.S. Supreme Court.)

But other states in one way or another—Pennsylvania, Ohio, Virginia, Kentucky, Wisconsin, Maryland—defied the court at one time or another.

Presidents Jefferson and Madison, before they were presidents, helped along the idea that the state has the right to decide for itself whether it will accept an act or decision of the federal government.

This was in a resolution written by Jefferson and passed by the Kentucky Legislature and another written by Madison and approved by the Virginia Legislature. Both men were angry about the alien and sedition laws rammed through by their political enemies, the Federalists who ran Congress.

Historian Beard, looking back upon the undiminished survival of the court despite all the attacks on it, wrote in his "American Government and Politics":

**Troops Possible Again**  
"In spite of the attacks of its critics and the fears of its friends, the Supreme Court yet abides with us as the very strong tower defending the American political system."

The Supreme Court itself told off state officials like Barnett in 1958 when Arkansas' Gov. Orval Faubus tried to prevent integration of a Little Rock high school by using state troops. He folded up fast when President Eisenhower sent in federal troops, which is what President Kennedy may have to do in Mississippi.

The court said constitutional protection against discrimination in public schools because of race or color "can neither be nullified openly and directly by state legislatures or state executives or state judicial officers nor nullified indirectly by them through evasive means."

**Break Halts News**  
NEW YORK (AP)—New York City teletype circuits used by the Associated Press, and Mackay Radio's station broadcasting to the Middle East and Latin America, were knocked out Thursday for several hours by an underground cable failure.

Seven New York City newspapers were without service on most main AP wires for two hours and longer. The Mackay broadcasts were interrupted for about four hours.

### Student Council Plans Activities

The Student Council of the New Paltz Central High School held its first meeting recently under the leadership of Lee Robbins, president.

A committee was established to revise the Student Handbook. Those on the committee are Alan Rickard, Dennis Martin, Barbara Baumgartner, Paul Majestic, Janet Shulman, and Wade Burkhardt, chairman. The students, along with various advisors, will go over the handbook, deleting out-of-date material and bringing the handbook up to date. The finished product will be printed and presented to members of the student body.

A social committee, Jean Scott, Ricky Goldersleeve, and Stewart Glenn, chairman, was established to organize future student council dances. The committee will be in charge of the dances to be held after each home football game.

Student Council's big project this year is the newly founded student store. The store, which supplies students with notebooks, paper, sweaters, gym suits, and novelties, at bargain prices, is run by the members of the council during lunch periods. As the year progresses, other worthwhile Student Council projects will be undertaken.

Student council officers for 1962-63 are: President, Leland Robbins; vice president, James Lynch; secretary, Eileen McKenna; treasurer, Thaddeus O'Katch.

Student council members are: Senior class, president, Stewart Glenn; vice president, Wade Burkhardt; secretary-treasurer, Marie Robinson.

Junior Class, president, Alan Rickard; vice president, Carol Bond; secretary-treasurer, Jean Scott.

Sophomore Class, president, Michael Mostransky; vice president, Barbara Baumgartner; secretary-treasurer, Beth Carvey; representative of homeroom 37, Alfred Tenaglia.

Freshmen officers, president, Paul Majestic; vice president, Richard Gibbons; secretary-treasurer, Edward Hess; representative of homeroom 46, Donald Schiro.

Eighth Grade officers, president, Dennis Martin; vice president, Carolyn Jensen; secretary-treasurer, Judith Keator.

Seventh grade officers, president, Roseane Deiterich; vice president, Ann Tenaigia; secretary-treasurer, Janet Shulman.

### Pep Rally Held

The senior and junior high school students at New Paltz Central School held a pep rally for the football team in the gymnasium on Friday afternoon. The program was conducted by the New Paltz cheerleaders with assistance from the school band.

The team was introduced to the student body by the cheerleaders. Brief speeches by Coach William Russell and Van Pine followed. The remainder of the rally was devoted to giving students an opportunity to learn the cheers.

NEW HAVEN, Conn. (AP)—Errol Hill, a Yale drama student, is the first winner of a new Theatre Guild Foundation prize for a play about life in the West Indies.

The \$500 grant went to Hill for "Man Better Man," which concerns a group of Trinidad natives. A guild fellowship was also awarded to Robert E. Shelton of Springfield, Ill.

## Cropland Owners Urged to Hold on Soil Bank Acres

WASHINGTON (AP)—Owners of 1.31 million acres of cropland moving out of retirement this year under the old soil bank program are being urged by government officials to "hold your horses" about deciding what to do with the acreage.

Inquiries from some owners indicate they may put some of it back into crop production—a development the U.S. Agriculture Department does not want in view of the farm surplus situation.

The new farm law approved by President Kennedy authorizes the department to enter into new one-year contracts to hold this land out of use in 1963. It authorized the expenditure of up to \$15 million in payments on soil bank land that expired last year and at the end of this year. Congress must

provide the money before any change can be made.

Soil bank officials expect to review the expired and expiring contracts before deciding whether to offer owners new contracts for 1963. Offers may involve some downward—but not upward—adjustments in rates, which currently average about \$12.50 an acre annually.

At its 1960 peak, the soil bank program had 28,400,000 acres of cropland contracted for noncrop or livestock use. This year it had dropped to 25,655,000 acres. Some contracts run until 1971, but the acreage covered that year is only 6,867.

At the end of 1963, contracts covering 6,752,000 acres expire. By that time, the department expects to have a long-range land-use adjustment program set up to attract this and other cropland into nonagricultural uses, such as recreation, wildlife and forestry.

LINCOLN CONTINENTAL

### This is the total-car warranty

Ford Motor Company warrants to its dealers, and its dealers in turn warrant to owners, as follows: that for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will be made by tire companies. Owners will remain responsible for normal maintenance services, routine replacement of parts, such as filters, spark plugs, ignition points, wiper blades and brake or clutch linings, and normal deterioration of soft trim and appearance items. The benefits of the warranty are available to the original purchaser and to subsequent owners of the vehicle during the time and mileage limits prescribed in the warranty.

## Here is what it means to you

The new 1963 Ford-built cars and trucks are quality-engineered and manufactured to serve you better and last longer than ever before. The proof is in the warranty... proof of quality unheard of a few years ago.

In fact, it was only two years ago that Ford Motor Company announced the 12-month, 12,000-mile passenger car warranty which became the industry standard as other manufacturers followed Ford's lead. At the same time, Lincoln Continental became the only American-built car warranted for two full years or 24,000 miles, whichever came first. Now, this warranty applies to all Ford-built cars, regardless of price. Why is this possible?

Actually, the new warranty is a natural outgrowth of the engineering leadership that has resulted in twice-a-year (or every 6,000-mile) passenger car maintenance. It goes hand-in-glove with such Ford-pioneered service savers as the elimination of the 1,000-mile inspection... 30,000- to 36,000-mile intervals between major lubrications, 6,000-mile intervals between oil changes and minor lubrications, self-adjusting brakes, aluminized mufflers, and longer-life electrical systems.

These features that save you time and money as you drive are a direct reflection of the total quality achievements of Ford Motor Company.

## Recent Rainfall No Great Help To Water Supply

A first extended rainfall in many weeks left 1.02 inches at Mink Hollow between Wednesday and 8 a. m. today, and Cooper Lake, the city's main reservoir, which has been losing steadily in reserve supply for weeks, today was reported "holding its own," at least for the past 24 hours.

The supply, reported at 12.6 feet below spillway crest at the start of the week, reached 12.7 feet some 24 hours ago and remains at that level, it was reported today.

Downpours of Thursday and this morning left .63 inches at Mink Hollow. Lighter rains left .18 of an inch in the watershed Wednesday and .21 on Thursday. The total for the three days in the Cooper Lake area was reported at .90 of an inch.

A rainfall of .57 of an inch was reported in the Ashokan Reservoir area between Sept. 25 and 8 a. m. today, and .63 of an inch was reported in the Prattsville area for the same period.

A report by the city engineer's office, Kingston noted .45 of an inch from the start of the rain Thursday to 8 a. m. today, plus .25 of an inch Wednesday and .10 Tuesday.

## Poughkeepsie Group Is Impressed by Rochester Project

After an inspection tour of Rochester's new downtown 18-story retail store, hotel and office building Thursday, a group of 18 Poughkeepsie area industrial and business men were described as overwheeled by the attractive redevelopment project.

The group left Dutchess County airport yesterday morning aboard an IBM plane for the trip sponsored by the Action Council of the Poughkeepsie Area, and had planned to fly first to Elmira to inspect an Urban Renewal project, but stormy weather caused a change in plans and the plane landed at Rochester.

William J. Mair, resident vice-president of the IBM, Poughkeepsie, chairman of the Action Council's Urban Renewal committee, headed the group, which included Poughkeepsie City Manager Kenneth Pearce, and other city officials and Chamber of Commerce representatives and merchants.

On arrival at Rochester airport the group was greeted by Robert A. Webster, representative of the developers. The Rochester center comprises more than 1,000,000 square feet of space, all of which was privately financed without government aid. The project includes a large restaurant and 44 stores. McCurdy and Co. and B. Froman Co., sponsored the Rochester project.

## Hurley Democrats Name Committee To Pick Officers

A nominating committee was appointed Wednesday night at a meeting of the Hurley Democratic Club held at the Hurley Fire Hall with John H. Sanglyn Jr., chairman of the committee on arrangements, presiding.

The chairman named Charles Bouton, Michael Flanagan, Daniel Fochi and John Flanagan to the committee, which will report at the October 10 meeting at the West Hurley Fire Hall at 8 p. m.

Chairman Sanglyn discussed the coming campaign and emphasized the importance of the club in town problems. The school tax in the Hurley district was discussed.

Town Chairman Joseph Carroll introduced William Martin, Democratic candidate for sheriff, and Joseph Amato, Democratic candidate for State Senator. The candidates outlined the issues of the present campaign and emphasized the importance of getting out the voters on Election day.

Carroll introduced Vernon Murphy, Kingston attorney, who spoke on the two-party system of government in the United States and the aims and differences between the Democrat and Republican parties.

**ROSH HASHANAH BEGINS**—Rabbi H. Z. Rappaport of Congregation Agudas Achim sounds the shofar, ram's horn, signaling the start of Rosh Hashanah and the Jewish High Holy Days. In observance of the season Photo Workshop, 616 Broadway, has arranged a special window display. Photographs of ceremonial items are shown with explanations of origin and significance. The Jewish year 5723 begins tonight with observances of Rosh Hashanah in local synagogues. (Photo Workshop photo)

## Ram's Horn Is Signal to Start Jewish Holy Days

NEW YORK (AP)—"In the seventh month, on the first day of the month, ye shall have a holy convocation; ye shall do no servile work; it is a day of blowing the shofar unto you."—Numbers, XXIX:1.

The foregoing command was issued by God through Moses to the children of Israel more than 3,000 years ago.

At sundown tonight, the descendants of those ancient nomads obey the commandment again, as their ancestors have done in an unbroken line stretching to the dawn of human history. They begin the observance of Rosh Hashanah, the Jewish New Year, marking the beginning of the Jewish year 5723.

### Prayers Are for Peace

They pray, as always, for such things as peace and human brotherhood. They ask God to aid in granting man these things, and they beg forgiveness for not having done more to achieve them.

For Jews, Rosh Hashanah ushers in a penitential period lasting 10 days and ending with Yom Kippur — the day of atonement — which this year falls on Oct. 8. On that day, Jews believe, the destiny of all men and nations for the coming year is finally sealed.

The 10 days from the beginning of Rosh Hashanah to Yom Kippur form a period of soul-searching when each Jew is enjoined to repent his sins, to pray for God's mercy, to give to charity and to forgive his enemies in the hope that God will likewise forgive him.

### Period of Penitence

"On Rosh Hashanah it is written, and on Yom Kippur it is sealed: How many shall pass and how many shall remain, who will live and who die," goes the ancient Hebrew prayer. "But penitence, prayer and charity can avert an evil decree."

In accordance with the Biblical injunction, Rosh Hashanah is marked also by the blowing of the "shofar," or ram's horn. The blasts of the horn are symbolic calls to repentance, so that all who hear the horn can take heed and join the community in prayer.

## Jewish Residents Greeted by Mayor

Mayor John J. Schwenk today

extended his congratulations to the Jewish Community of Kingston on the observance of Rosh Hashanah, the Jewish New Year, which begins at sundown, and marks the beginning of the High Holiday period.

The mayor said "I wish to add my best wishes for a Happy New Year to all my neighbors of the Jewish faith, and feel certain that all other residents of our city share with me this expression of good fellowship."

### To Ask Court Help

Requests for four additional employees will be made by Dutchess County Family Court Judge Joseph J. Judge in his 1963 budget with annual salaries totaling \$16,150. The judge said he will request two office secretaries and two probation officers. The probation officers, if approved by the Board of Supervisors would increase the court's probation staff to six.

## DPW to Assist In Relocating Those Displaced

An associate land and claims adjuster from each of the state's 10 engineering districts as head of his district's relocation advisory assistance unit has been named for this area by State Department of Public Works Superintendent J. Burch McMorran.

Carl J. Isley of the State Department of Public Works, Pleasant Valley Road, Poughkeepsie has been named to assist in locating replacement housing for those residents who have been displaced by DPW projects.

Isley will be in charge of District 8 embracing Ulster, Orange, Rockland, Columbia, Dutchess, Putnam and Westchester Counties.

## Dutchess Community College Board Elects

Dutchess Community College Board of Trustees has elected officers for the academic year 1962-1963, and C. B. Schmidt of Hopeville Junction was named board chairman for the third consecutive year.

Judge Joseph Judice of Poughkeepsie Children's Court, is the new vice chairman; Mrs. Madolin S. Johnson, Beacon, and Mrs. Edna K. Silber, Arlington, are secretary and treasurer, respectively. Mrs. Johnson and Mrs. Silber are also third term office holders on the board.

Others who serve on the nine-member board are: Mrs. Edna C. Macmahon, Roger H. Corbett, David C. Schoenag, J. George Spitz, and William T. Love Jr.

Schmidt, who was elected unanimously, has served on the Community College board of trustees since its inception in 1957. Informed of the reelection of Schmidt to the chairmanship, Dr. James F. Hall, college president, said "Under the capable leadership of Mr. Schmidt, the community college trustees have made invaluable contributions to college development, not only in the building program but in the development of a curriculum to meet the challenges of today."
